kids COMICS

Whether you're young or old, regardless of your tastes and interests, there's no denying the appeal of a well-written, well-drawn comic book or graphic novel. (NOT JUST FOR) KIDS COMICS / COMIC CON 2022 REPORT

Over the past few years, I've started collecting old comics again. I'd stopped years ago because it stopped being fun, chasing after expensive back-issues that, frankly, I would be afraid to even handle after a while, lest they lose their "value".

Not anymore! These days, I don't care about condition, or any of that stuff. I started collecting vintage kids comics... from Dell, Gold Key, and Charlton. Lots of Hanna-Barbera titles like *The Flintstones & Pebbles, Yogi Bear, Top Cat, Funky Phantom, Great Grape Ape, Scooby-Doo, Harlem Globetrotters, Banana Splits, Speed Buggy*... and tons more. I buy 'em cheap, and I don't care if they're dog-eared or decent, they're just fun!

And that's what Kids Comics should be! FUN! This month ***PREVIEWS*** celebrates *Kids Comics* with a brand-new selection of titles, beginning on page 258 of this issue. There's plenty of great titles out there for readers of all ages, and you can find a bunch of great graphic novels and comics in this very issue. Not a lot of Hanna-Barbera these days, though. That's why Old Man Previews goes on the hunt when he can!

Like at this year's San Diego Comic Con. There were a decent amount of old comic dealers displaying their wares at the Con this year, and I took advantage of some $5 and 50% off boxes of comics, and by the time Saturday rolled around, my backpack was filled with a glorious stack of Silver Age goodies! The Con itself was visibly less crowded than in previous years and walking around the show floor was a lot easier. Which was nice for a change! And a shout-out to my good friends Dwayne Covey and Rich Henn for hanging out during the show while my friend Mark Haynes was home with the COVID, unable to attend!

And when it comes to Comic Con exclusives, its really *WHO* you know that fills that convention bag with the hard-to-get show swag. To that, I send a hearty and heartfelt thank you to former ***PREVIEWS*** writer and wrestling enthusiast, Robert Rudman, who currently works for Mattel and helped me to get, amongst other things, the "Back In Action" three pack, featuring three classic Mattel toy properties resurrected for this special set: *Major Matt Mason, Pulsar the Ultimate Man of Adventure*, and *Big Jim P.A.C.K. Leader*!

In ***PREVIEWS*** this month, we have some special stuff going on! This issue marks the debut of our *DELUXE* comics group on page 209, featuring *Aftershock Comics, Titan Comics, Ablaze*, and a guy you might have heard of, Frank Miller, who brings us his new imprint, *Frank Miller Presents*!

Also, in this issue, we present the world premiere of "The First Supper", a brand-new 8-page comics story from Mark Waid, David Lapham, and the folks at Bad Idea. Did I mention this story is only available in the pages of our catalog? It's weird and wonderful, and not to be missed!

That's all for this month! Summer is winding down, I have another birthday this month, and we're not slowing down one iota on our beloved ***PREVIEWS***! We'll have a new issue for you in 30! See you then!

Your Pal @ ***PREVIEWS***,

Marty

Hake's Premier Auction Reaches $2.7 Million

Hake's Premier Auction #235 of pop culture and historical memorabilia rose to $2.7 million. The Mego Green Goblin on rare 1975 A card AFA 80+ soared to $76,700, decimating its preauction estimate of $20,000. Six *Star Wars* original comic strips by Al Williamson sold for a combined $171,504.

Sales highlights included the John W. Davis 5" real photo portrait cello button for $37,760, Cox and Roosevelt 5/8" jugate button for $34,786, *Amazing Fantasy* #15 CGC 2.5 (first Spider-Man) for $31,152, *Star Wars* Jawa 12-back-A AFA 85 (vinyl cape) for $29,854, and *X-Men* #1 CGC 6.0 (first X-Men, Magneto) for $24,645.

Star Wars X-wing Model Soars to $2.3M at Prop Store

A Red Leader X-wing Fighter model from *Star Wars: A New Hope* sold for $2,375,000 at Prop Store. Since many of the models were destroyed while filming the movie's final battle scene, this is one of the few still in existence.

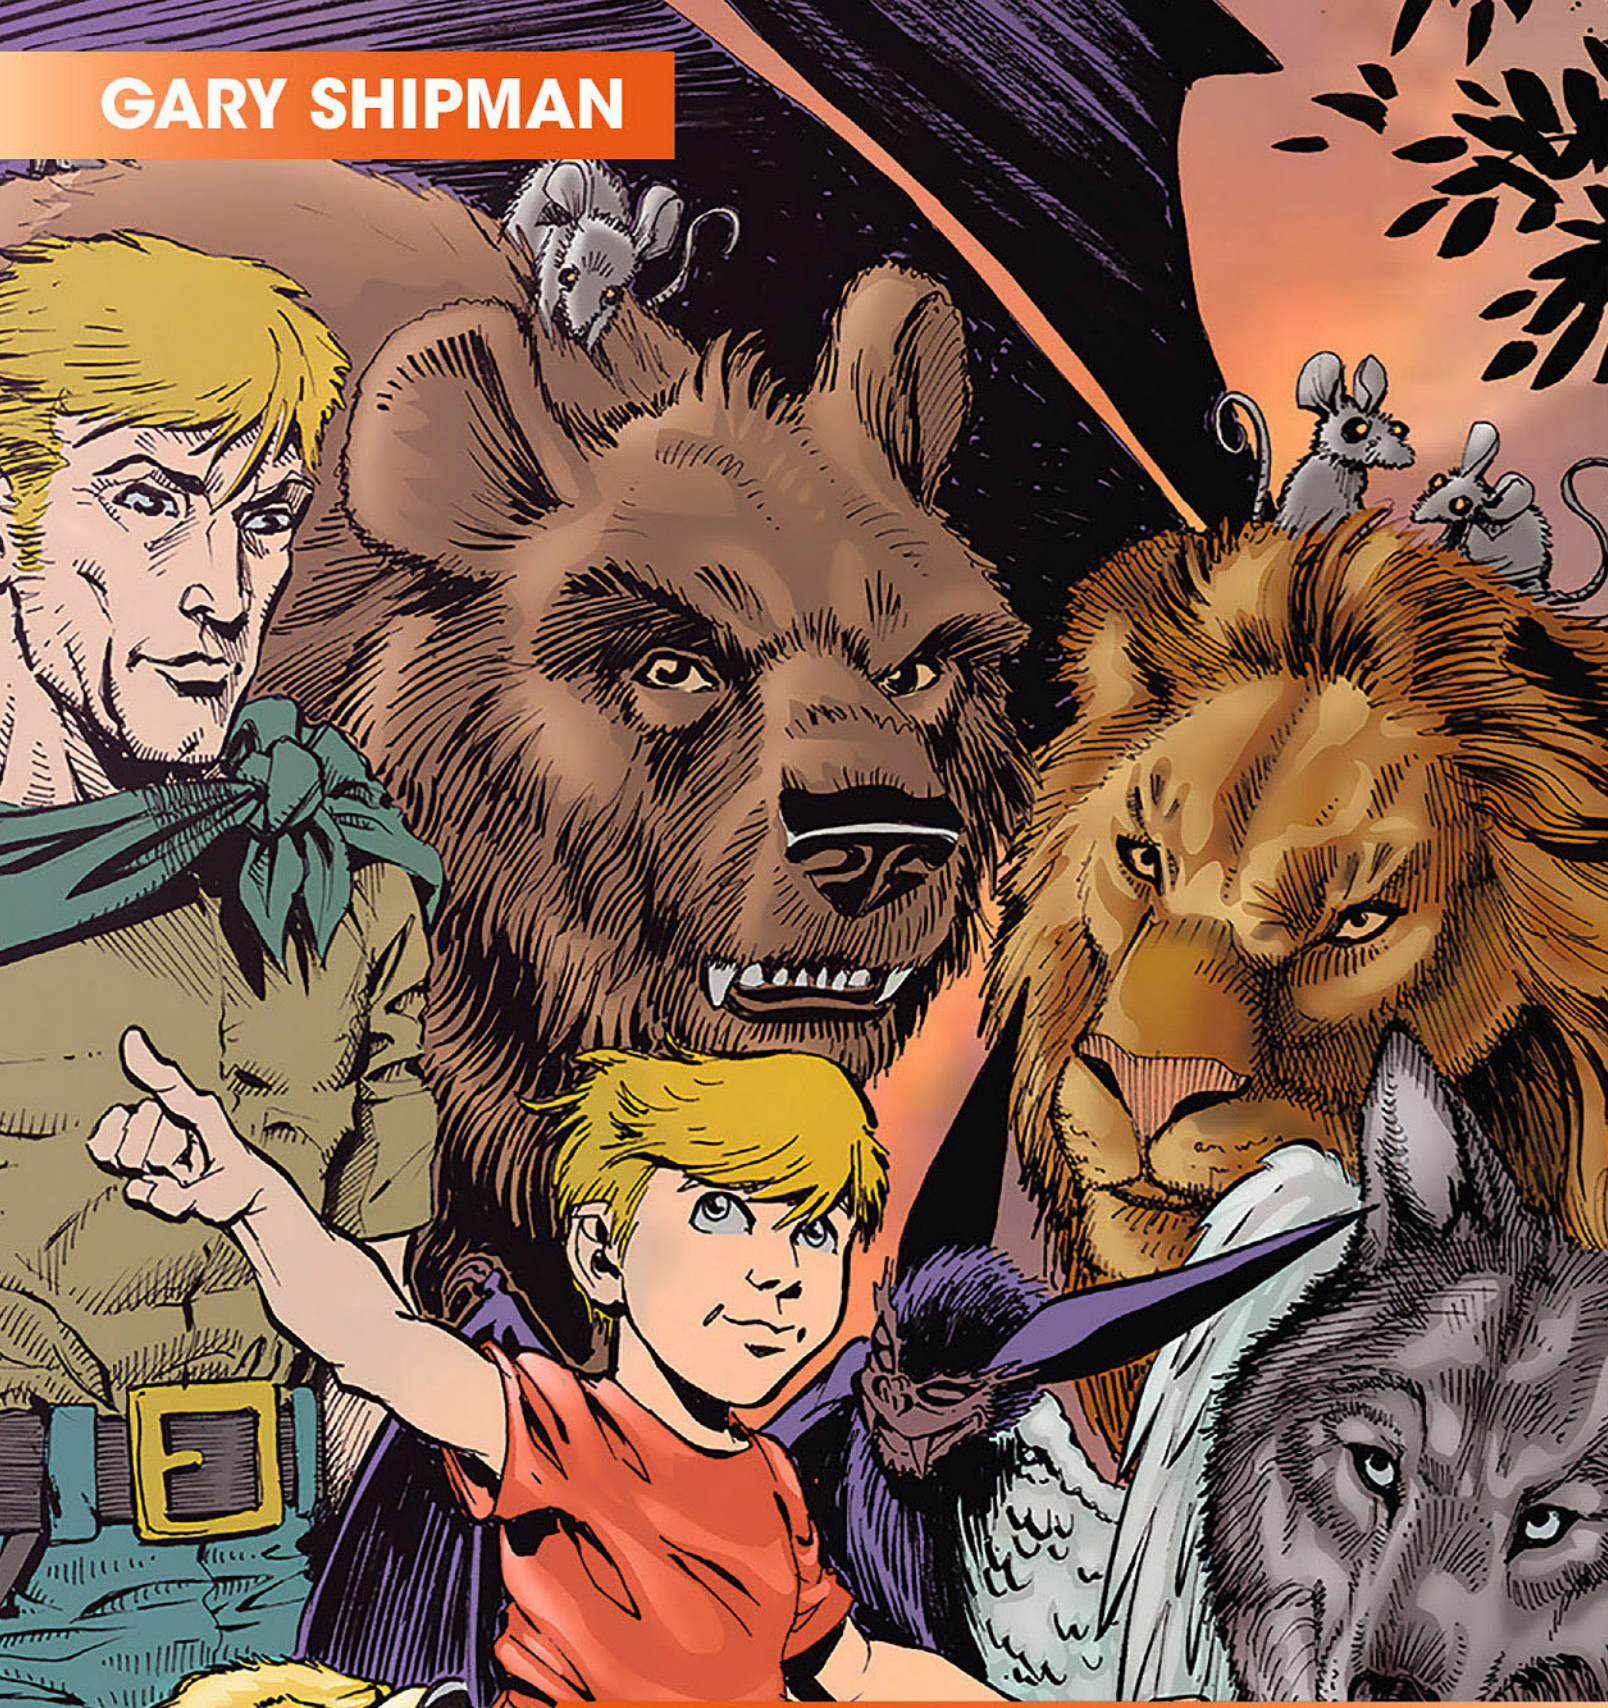

Other *Star Wars* prop sales included Obi-Wan Kenobi's dueling lightsaber and hilt from *The Phantom Menace* for $125,000, an N.J. Farmer Darth Vader touring costume for $80,000, and Yoda's gimer stick from *The Empire Strikes Back* and *Return of the Jedi* for $40,000.

The Rise of Adrianna Tomaz as Isis

Adrianna Tomaz was introduced in *52* #3 (May 2006) as an Egyptian woman who is kidnapped and taken to Black Adam as an offering from the organized crime group, Intergang. Black Adam killed the Intergang emissaries and once he freed Adrianna, Black Adam found her curiously unafraid of him.

Her strong opinions about the world had a positive influence on the way that Black Adam treated others. In recognition of her wise counsel, he took the magical amulet of Isis to Shazam and asked him to imbue her with its power. Shazam agreed to do so, and by holding the amulet and saying, "I am Isis," Adrianna could transform and gain the goddess' powers.

Please tell us a bit about yourself!

I am a comic book artist and the creator of *Pakkins' Land* and *Titan Mouse of Might*. I've spent the last 30 years working diligently at my craft, working on properties and franchises for Marvel, DC, Lucasfilm and Disney. It's been fun, but for now I really want to focus solely on my own characters. I'm wanting to step out into my own venture with *Pakkins' Land and Titan Mouse of Might.*

What are your favorite projects you've contributed to over the past decade?

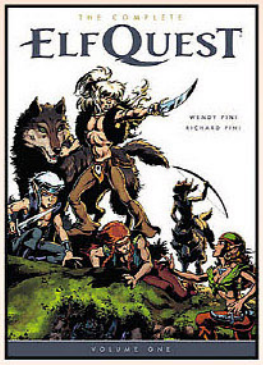

Apart from my own projects, I had the privilege of working with the late Rick Bonn, and also Jim Krueger, on a graphic novel called *Meow Meow Jones*, which is about a cat during World War I who must learn the value of what his nine lives are truly for... I'm really hoping to see that get published someday. I also enjoyed working on an Indiana Jones limited edition print, and the *Fun with Kirk and Spock* parody book.

What are you currently working on?

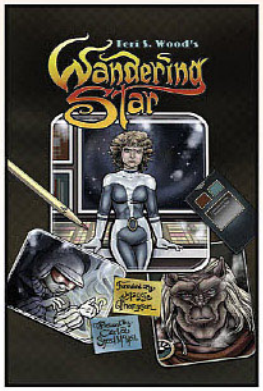

I am currently working on Issue #7 of *Titan Mouse of Might* and a Sketchbook for my 2022 artwork, also Sketch Cards for Upper Deck.

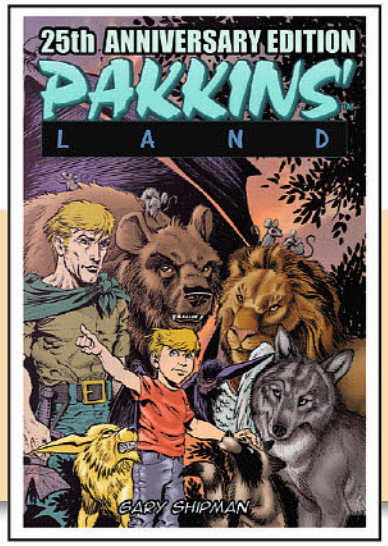

What fun titles are you reading?

Wendy and Richard Pini's *ElfQuest* (*The Complete EQ* Vol. 1 TP / JUL218263) this book series set a new standard for indie comics; Jeff Smith's *Bone* (*One Volume Edition TP* / DEC188053) this book is a timeless classic and has been a source of inspiration to me. Finally, Terrie Sue Wood's *Wandering Star* is a page-turner and leaves you wanting more!

USER'S GUIDE

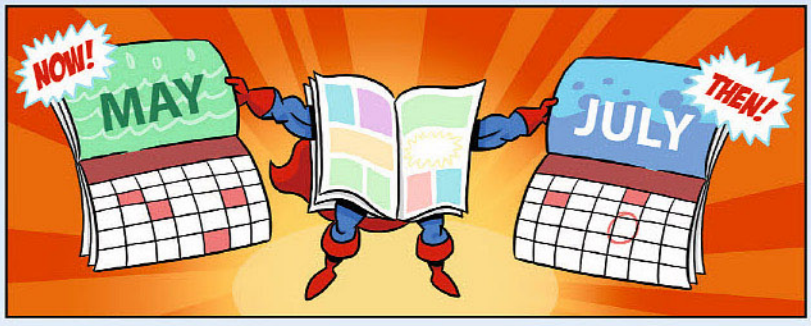

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

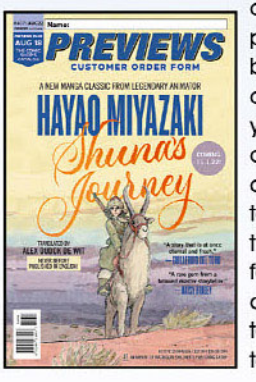

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

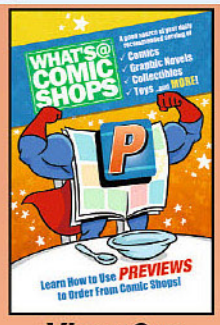

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

MAGIC COMES AT A COST, AND IT'S *HELL TO PAY* THE DEBT

Many have dreamed of wielding magic throughout history, and The Shrouded College can make those dreams a reality — at a cost. They will teach you magic, and in return you will work for them until you have repaid them in magical works of their choosing. In short, the Shrouded College will provide you their tools, and you do their "dirty work" until they are satisfied. Many walk away from such an offer, but not Maia and Sebastian Stone. They went into the "deal" with eyes wide open, and ever since have been tracking down 666 cursed coins known as "the Devil's Dollar" for the Shrouded College. Over time, the number of the coins yet to be recovered dwindled, and now the end of their "assignment" is within sight, but with all the easy pickings gone, the remaining few will be the most difficult challenges the Stones have ever faced! These magical mercenaries star in Charles Soule and Will Sliney's new Image Comics series, *Hell to Pay*, a thrilling supernatural adventure that mixes the globetrotting adventure of Indiana Jones with the magical imagination of *Hellboy*.
Will they complete the Shrouded College's quest and clear their magical debt?

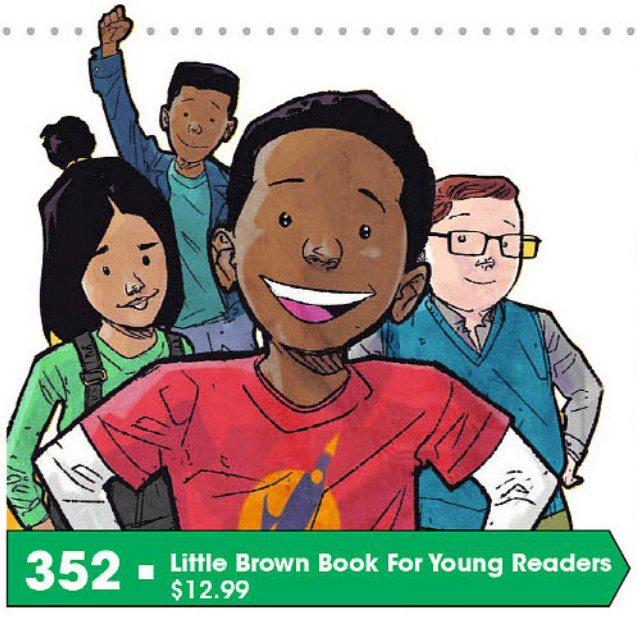

DYNAMITE'S *CHERISH* FEATURES CHARACTER DESIGNS BY MARC SILVESTRI

Corporations employ high tech spies and enforcers, and you don't stay part of the one percent without spilling some blood. Cherish, whose father was murdered by the rick and the powerful, embarks on a personal mission to avenge her father, and to do that she will infiltrate the very corporations that had her father killed. Dynamite Entertainment's *Cherish*, written by best-selling author Katana Collins and illustrated by Gabriel Caitano, with character designs by comics industry legend Marc Silvestri, takes you into the world of corporate warfare and the assassins they hire!

In a fragile colony on a planet inhospitable to life without Herculean efforts, who would resort to murder—and why?

EVEN TERRY CREWS NEEDS A "CREW" IN HIS AUTOBIOGRAPHICAL GRAPHIC NOVEL

You may know Terry Crews as a football player. You may know him as an actor from Brooklyn Nine-Nine or Everybody Hates Chris. You may know him as an artist and all-around cool person. But Terry Crews was also an insecure boy growing up in Detroit, and in his graphic novel *Terry's Crew* from Little Brown Book for Young Readers, illustrated by Cory Thomas, Crews tells the story of his circle of friends — his "crew" — who helped and supported one another become the best they could be. An inspirational story to anyone who feels a little lost, *Terry's Crew* is a must-read for Terry Crews' many fans.

BRIAN MICHAEL BENDIS UNITES THE CHOSEN ONES FOR DARK HORSE'S

As Joseph Campbell noted in his studies of mythology, almost every human myth is centered on a "chosen one," someone born with special skills, or forced to live an impoverished life, or hidden away to develop in secret, for the day when they are needed to confront an evil only they can defeat. In his new Dark Horse Comics series, *The Ones*, Brian Michael Bendis unites a group of "chosen ones" for a mission to defeat the ultimate foe. Joined by artist Jacob Edgar, Bendis brings together all of your favorite story archetypes for the ultimate battle between good and evil in *The Ones!*

JASON AARON AND BOOM! STUDIOS FIND LOVE *AT THE END OF THE WORLD*

Even in times of crisis, life goes on. People seek connection, people forge bonds, in the hope of better times, even just to have someone to share the burden of navigating a fallen world with. In short, love finds a way. And as our world faces a growing climate crisis — heat waves, catastrophic weather events, rising seas — award-winning creator Jason Aaron imagines a love story set in the aftermath of an environmental collapse in his new creator-owned series from BOOM! Studios, *Once Upon a Time at the End of the World*. The first part of a trilogy, each drawn by a different artist, the series focuses on Maceo and Mezzy and their decades-long relationship in a ruined world. TITAN COMICS

NEW COMIC SERIES BASED ON TOKUSATSU TV SHOW KAMEN RIDER ZERO-ONE!

PENNED BY BRANDON EASTON!
(TRANSFORMERS, SUPERMAN)

Aruto Hiden is KAMEN RIDER ZERO-ONE! He's saved the world numerous times, but when his company is attacked by the mysterious RAGNAROK, Aruto must not only face the volcanic cluster cell-powered villain but also his own past...

We caught up with Titan's Group Editor Jake Devine to talk all things Kamen Rider Zero-One

JAKE DEVINE, GROUP EDITOR

Hey Jake, thanks for taking time out of your busy schedule to speak with us. Why don't you start by telling us a little bit about Kamen Rider Zero-One?

J: Kamen Rider Zero One is a 4-part comic series based on the long-running Japanese tokusatsu series of the same name. It's incredibly popular in Japan, and has a loyal, ever-growing global fanbase. Kamen Riders are insect-themed super heroes who fight against evil forces - Zero One is the latest generation, which sees Aruto inherit the power from his late grandfather.

What's the story of this comic?

J: Our story takes place during the early era of the TV series, where Aruto - as Kamen Rider Zero One - is causing a lot of collateral damage from his heroic battles. His companions are trying to set him straight, but then a powerful new enemy (who looks like and has the powers of a Kamen Rider) appears, with the goal of destroying Aruto.

Are you a fan of tokusatsu?

J: As a kid I loved the US remakes, the most popular being Power Rangers. I did really enjoy Masked Rider (the US equivalent of Kamen Rider), so getting to work on this comic based on the original material is really exciting. I'm still catching up with many episodes of Kamen Rider!

How would you describe the style of this comic?

J: It's gonna be action-packed! Like its TV counterpart, it'll be over-the-top entertainment, with awesome super battles, witty one-liners, and a real fast-paced energy. Our writer, Brandon Easton, is a fan and knows how to bring this stuff to life in comic form. We also have Hendry Prasetya, who, having worked on the Power Rangers comic, can emulate the explosive and fun style of the tokusatsu shows.

What do you think the audience is going to love most about it?

J: I think they're going to really see that a lot of love and respect has been put into this, and it's going to certainly add to the mythology of the series. Our villain Ragnarok is brand new to the franchise and is going to shake things up for sure. And we're working closely with Toei on everything, so it's definitely going to be an authentic addition to the Kamen Rider universe.

PERFECT FOR FANS OF *POWER RANGERS!*

HURRY UP, GUYS!

THERE IT IS. IT'S ALREADY IN POSITION!
THE BLACK EGG.
IT LOOKS SO SCARY!
"THAT'S KINDA THE POINT."

PEOPLE OF THE PALE CITY!
HERE WE ARE, THE LAST OF MANKIND.
THEY SAY WE USED TO WALK FREELY ALL OVER THIS LAND. LEGIONS OF ARROGANT CHILDREN HUNTING, KILLING, AND SPOILING. THEN THE GREAT BETRAYAL HAPPENED, AND SUDDENLY MEN BECAME PREY. A FEW SURVIVED. ONLY TWO THINGS WERE LEFT FOR US.
A WOUND AND A LESSON.
WE ARE HERE TO OPEN UP THIS OLD WOUND ONCE AGAIN.
BECAUSE PAIN FADES, WOUNDS BECOME SCARS, AND LESSONS ARE FORGOTTEN.
SO, LET'S REMEMBER.
THE KING OF COLORS, THAT ONCE RULED US IN PEACE, WANTS US DEAD.
WE MANAGED TO SURVIVE WITHIN THESE WALLS, BUT EVERYTHING OUTSIDE OF THEM, IS NOW HIS DOMINION.
FOR CENTURIES HE'S BEEN KEEPING THIS CITY UNDER SIEGE, SURROUNDING IT WITH HIS DEMONIC TROOPS.
THEY'VE NOT BEEN ABLE TO BEAT US, BUT THEY NEVER LAID DOWN THEIR ARMS, EITHER.
AND THEN...
A FEW YEARS AGO, FED UP WITH THIS STALEMATE, THE KING TRIED SOMETHING NEW.
HE GAVE BIRTH TO A VENOMOUS CREATURE.
A NEW MONSTER.
TAP
TAP-
TAP

"AND SO HE TRIED TO SNEAK HIS IMPIOUS SPAWN INSIDE OUR WALLS.
THUMP
KLING
"TO CORRUPT US...
THUMP
KLING
THUMP
KLING
"TO KILL US..."
BUT ONCE AGAIN, WE SURVIVED. HIS PLAN FAILED.
WE RECOGNIZED THE MONSTER. WE CAUGHT IT AND WE CHAINED IT BEFORE IT COULD DESTROY US.
THUMP
KLING
SINCE THAT DAY, EVERY TEN MOONS, WE SET IT FREE AND WE HUNT IT AGAIN.
THUMP
IT'S A REMINDER OF OUR STRUGGLE, OF THE DANGER THAT STILL AWAITS US.
IT'S ALSO OUR MESSAGE TO THE KING.

SWING THROUGH WITH DAN JURGENS AS HE GOES BEHIND THE CURTAIN ON THE SERIES

How far do you go back with the lord of the jungle, Tarzan? Had ideas on how to approach the character yourself come to mind before through your storied career in comics?

My first memories of Tarzan go back to the Johnny Weissmuller movies, which were often shown on old movie channels for afternoon matinees.

It wasn't long after that I found myself going to the theaters for the Mike Henry Tarzan movies and, even more important, watching Ron Ely play him on the NBC TV series.

Those exposures drew me to the books and that's where I was able to immerse even deeper and it wasn't long after that I developed a love for the various comic series.

So many titans of this industry, and in other media as well, have contributed their writing, illustration, and more to Tarzan. Are there any past works or creators in particular that made an influence on you or that you've turned to for inspiration in developing your story?

final covers may vary. all art pending licensor approval. all properties TM & © their respective owners.

I'd have to say that, in terms of comics, it was really Russ Manning's work on the old Gold Key series that attracted me. His style seems so effortless, which, of course, it isn't... but it's remarkably beautiful and intricate work. Just lovely.

A couple of years later the property moved to DC and Joe Kubert did extraordinary work on it. Really incredible, as did John Buscema when Tarzan moved to Marvel.

But the truth of the matter is that with both comics and newspaper strips, Tarzan has been an artist's artist type of property. He's one of those characters that everyone wants to draw.

Of course, you're a bit of a legend yourself. We know, forgive us for the adoration. But we're coming up on the 30th anniversary of the iconic Death of Superman storyline that you were the driving force behind. It'll interestingly line up with 110 years of Tarzan. Do you see any parallels between these two heroic figures?

Al'd say that they parallel each other in the sense that they've been around for decades. Along the way they were both translated into all sorts of different media and are recognizable all over the world. It's a truly impressive run for both characters.

Go anywhere in the world and show a picture of either to someone on the street and chances are good that they'll recognize them. That's amazing.

Your tale is going to be a top to bottom chronicle of Tarzan's life, expanding and recontextualizing the iconic moments and adding modern layers and parallels to it. What brought you to this approach, and spotlighting the character in this way?

Tarzan is just so timeless that he fits into many different eras. So I think there's a great way of adding depth to him by exploring him at different points in his life.

You've been known for almost your entire career as both a brilliant writer and artist, sometimes just one or the other and other times handling both duties. This time you're joined by artist Benito Gallego. How has it been working with him on this project?

Benito is doing beautiful work. He has a natural relationship with Tarzan that is wonderful to see. You can tell that it's quite natural for him.

One of the things I kept telling editor Matt Idelson is that we needed that level of comfort from our artist because it touches not only on Tarzan, but his jungle environment and the wildlife as well.

Dynamite Entertainment proudly presents a new series by bestselling author Katana Collins and rising star artist Gabriel Caitano: Cherish, featuring character designs by Marc Silvestri!

When the blood on the boardroom floor moves from metaphorical to literal…

Cherish is the story of Amelia Fellows, a young woman who witnessed the betrayal and murder of her father at the hands of those he once trusted. Unfortunately for Amelia, the people behind her father's death are some of the richest, most powerful people in the world. If Amelia wants justice for her father, she'll have to get it herself as the well-armed hi-tech vigilante, Cherish.

Issue #1 comes out swinging as Cherish infiltrates the corporate headquarters of Unicon. The company, led by chairwoman Valerie Nolan, had once worked with Cherish's father. The only way Amelia will get the incriminating evidence she needs to take down everyone involved in her father's death is to integrate herself into the staff and hide in plain sight. But things get complicated when Valerie's son, Conrad, who Cherish has been seducing for information, becomes suspicious. Now it's a race against time for Cherish to see if she can survive long enough to get the justice she seeks.

This can't-miss debut issue features stunning covers by series character designer Marc Silvestri with Ebas, plus Brett Booth, Eric Canete, and Soo Lee!

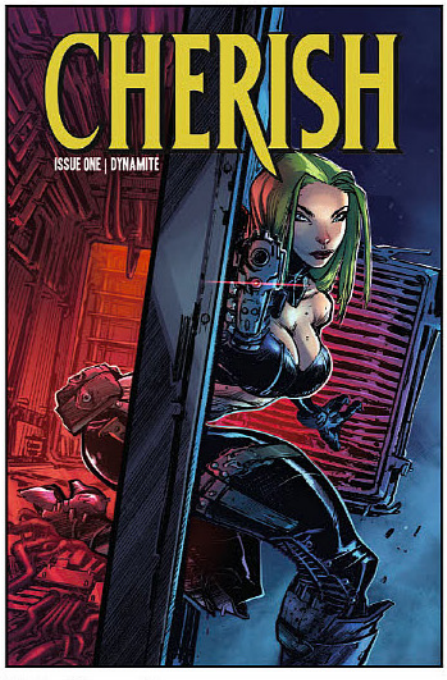

Katana Collins is a USA Today bestselling author with over twenty-five published novels and graphic novels. She's most known for her international bestselling romance, Beefcakes, as well as DC's Batman White Knight Presents: Harley Quinn. Her work in screen and television production began with the Disney corporation before she shifted into her producer role with Lucky Duck Productions, Animal Planet, SoapNET, and Nickelodeon, writing and producing for Nick News with Linda Ellerbee.

Gabriel Caitano was born and raised in Brazil and has been working on comics for six years after taking a comic drawing course by Ibraim Roberson. He's contributed work to titles including Yuga by Avinash Gudipati, Vanishing Points by Eric Lambson, Mega Centarri by Kat Szutyany and Robert Szutyany, Monsters: Jail by Jeff Bai, Sovereign Wolf by Eddie Winkler and Blood of Gods by Erick Dominguez.

KATANA COLLINS CRACKS CORPORATE SKULLS IN CHERISH

Katana, you've tackled a lot of diverse writing in your life, from romance novels to Batman comics. How do those varied experiences all play their role in your writing on Cherish?

The beautiful thing about both comics and romance as a genre is that there are so many subgenres that are also under those umbrellas. Within my years of publishing, I've had the chance to write action, suspense, romance, murder mystery, small town, paranormal, and so much more. I get to pull from this history and all these worlds I've written in previously when working on Cherish and embrace not only my history of writing romance, suspense, mystery, and action/adventure with Batman...but I get to learn a new subgenre and play with the sci-fi elements of this story as well!

This is a unique project, with the character designs and some of the concepts going back to collaborations with superstar artist Marc Silvestri prior to you be-

ing brought on board. What's it been like working from that foundation and adding your layers to the tale and characters?

When I first heard that Marc was involved in the design and conception of Cherish, I knew I had to be a part of it, too! I have such respect for what he's done in his career, and his work on Cherish (as well as the whole team here at Dynamite) is no exception. When the foundation is so strong to begin with, it makes our job so much easier moving forward.

You're no stranger to this type of kickass vigilante woman in your writing, with you and husband Sean Gordon Murphy turning the spotlight of his Batman: White Knight saga to Harley Quinn. What does Cherish have in common and how does she differ compared to everyone's favorite psychiatrist turned a teeny bit psycho?

Oh man! *cracks knuckles* I love a kickass vigilante! Here's the thing...for so many of us, love and relationships are our main motivator. While there are exceptions to the rule, I believe you can boil most stories down to relationships, though that doesn't always mean romantic love. But when you think of motivations, Batman had the loss of his parents. The Punisher lost his whole family. John Wick had his late wife, and of course...his puppy. Harley had the Joker, and in the White Knight universe, her children. And Cherish? Cherish lost her father. They are both strong, smart, savvy, resourceful, and sarcastic. I think they would have been good friends if they could exist in the same world together. The difference, though, is that Cherish is more dark, gritty, and brutal than Harley. Despite her history, I find Harley to be a bit of an optimist with a temper. And I think Cherish is a nihilist. Cherish has a plan and will stop at nothing until she achieves her goal and avenges her father's death.

In addition to Marc Silvestri's contributions in creating part of these ideas, you're also working alongside interior artist Gabriel Caitano, editor Joe Corallo, and some heavy hitter artists doing covers like Brett Booth, Soo Lee, and Eric Canete. How has the collaborative process been so far?

It has been incredible! Writing novels is extremely solitary. It's just you, your laptop, and your outline for months while you write. Eventually when the book is finished, you have an editor, but for the most part you're on your own. Comics is a different world and I love having a team of people — so many eyes, so many ideas, so many interpretations — that come together to create an eventual single vision.

THE EPIC CROSSOVER IS HERE!

DAN ABNETT EXPLAINS MORE

It's finally here! Dynamite fans have been waiting for and asking about this hotly anticipated series for a while now, after the preceding sister titles Red Sonja: The Superpowers and Vampirella: The Dark Powers (both available now as graphic novels) lead their way here. We were biding our time to make sure the epic crossover follow up was perfect, and it's coming in hot. How does it feel to return to conclude this epic?

It feels great — this has been, and will be, a major story, and it's very exciting to be able to come back to deliver the cataclysmic final act that will draw the two previous series together. This really feels like the final film in an epic trilogy, with huge expectations attached, and so we're taking our time — and extra special care — to make sure we properly stick that landing. I'm also making sure that this story delivers for new readers too — if you've read the previous series, then this is a suitable grand finale, but if you just want to find out what the fuss is about, you can jump on right here and we'll make sure you understand what's going on.

Both Vampirella and Sonja tangled with more traditional costumed superheroes in their Superpowers series. Will those characters still play a prominent role in this showdown? We hear it's basically an all-out war between superhero armies!

They will, and it certainly is. The previous series were really about establishing how and why Vampirella and Red Sonja,

final covers may vary. all art pending licensor approval. all properties TM & © their respective owners.

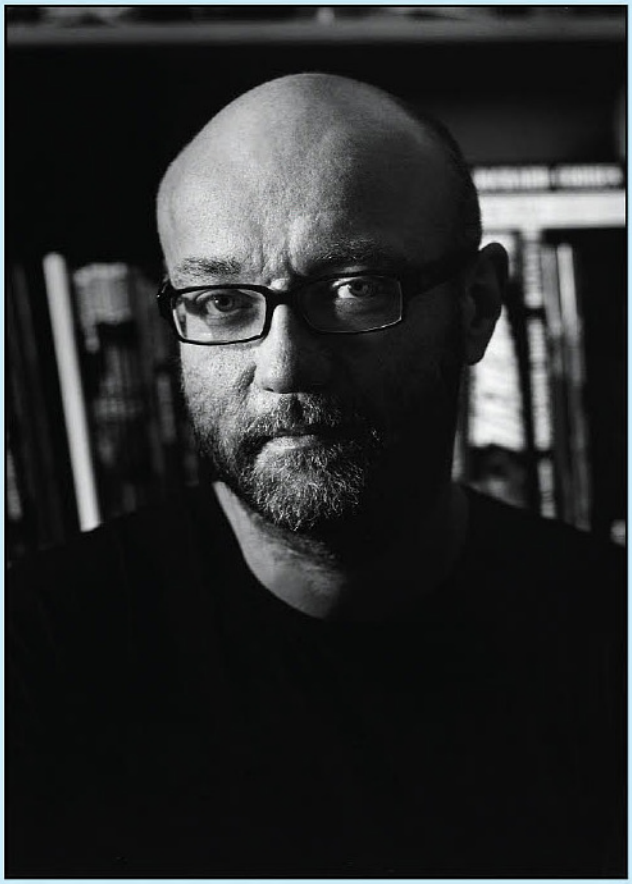

neither of whom seem an obvious fit for a superhero story, come to operate as part of a massive, pan-dimensional superhero organization. They also introduced the supporting cast, and put our two main characters on a collision course. This is the payoff...and it's an absolutely epic event with amazing characters, amazing visuals and literally worlds at stake. Worlds, I tell you!

This unique kind of connected web of titles is a concept that you in part made popular with your fan-favorite Guardians of the Galaxy and Nova runs, that then wove between crossover events. Or fans can point to earlier work like Legion of Super-Heroes or your early Marvel UK work. What makes this approach so special in this medium?

It's the sort of story I've always loved, so I approach it with massive enthusiasm. Though this is just one series (or rather, a sequence of three miniseries) there is definitely a sense of being a huge crossover event...except there are no other titles and series you have to read. It's all happening right here. We have a large, cosmic team of heroes who each represent their home worlds coming together to stop an intergalactic menace...with Vampirella and Red Sonja caught in the middle of it as outlier characters who may be the key to saving the day...unless their "un-superhero" natures cause the wheels to come off completely. It's a crossover, I suppose, of genres as much as anything, with a big scale, but there's still room for great individual characters to really shine.

Without totally spoiling things, can you tease fans a bit on which of their favorites might live to tell the tale, or which half will come out on top?

Well, of course, there will be twists and surprises. What I can say is that Vampirella and Sonja never wanted to be part of this, because it's not the sort of thing either of them ever do. They are reluctant heroes in this context, and outsiders, which might give them a unique edge to break the deadlock...or cause utter disaster. Ultimately, it's a case of "everyone versus the apocalyptic menace," which is fine if everyone is a team player. Vampi and Sonja are not, so things will go badly wrong if they can't play nice. If they clash — and they have clashed at every stage up to now because of their personalities — then their savage rivalry might break some very important things. Like, you know, the universe.

WRITER FRED VAN LENTE UNLEASHES THE THUNDERBOLT!

The character of Peter Cannon has had several unique takes through the years, from Pete Morisi's original invention, to iterations driven by Mike Collins, Alex Ross and Steve Darnall, and Kieron Gillen. Plus, that one not so secret analog. Did you look to any of those for inspiration in developing your own story?

Mostly the original Charlton comics by Morisi, which have this great Silver Age energy to them. He's not the first one of these kinds of characters I've tackled — Iron Fist and Obadaiah Archer (of Archer and Armstrong fame), to name just a few, are just a couple iterations of the tradition of "hero learns incredible mystic traditions in the Himalayas that let him kick lots of ass." And kick ass Peter Cannon most definitely does.

There have been some wild elements to the Thunderbolt mythos like the infamous dragon that was expanded upon later. What kind of crazy fun can fans expect this time?

With this version I've kind of stripped down the myth to its essentials — a kid who grew up in an isolated retreat and masters these incredible abilities, and comes to America to try and do good with them. I've updated it for a more modern-day vibe. We live in a world awash with would-be gurus and messiahs, self-help quick-fixes and get-rich quick schemes. Peter Cannon arrives in New York to find his childhood friend, Tabu, claiming to avenge the murders of all the members of the cult where his parents raised him in upstate New York — where he learned these incredible Thunderbolt techniques. Unfortunately, he discovers that the target of his revenge, this Hooded One, is a power broker whose influence as a "spiritual advisor" has made him the most powerful man in New York. You'd best believe some serious fisticuffs follow.

Artist Jonathan Lau is returning for the character, following his run a decade ago. How has it been collaborating with him on this project?

Jonathan is absolutely crushing it on this series. The martial arts look amazing! Forget me — he's the reason you should be reading this book! This is literally the best thing I've seen him do, he really embraced the kind of grounded kung fu world I was going for and ran with it.

RISQUE COVER TRADE PAPERBACK

FC | 136 pages | Action Adventure | $34.99 | Teen+ | 11/2/22

writer: Billy Tucci
artist: Maria Laura Sanapo and Edu Menna
cover: Billy Tucci

In this new, original graphic novel starring one of the Golden Age's greatest heroines, writer Billy Tucci, along with artists Maria Laura Sanapo and Edu Menna, delves into the eponymous deep dark secret of the Nazi regime during the Second World War. Through the 1940s, several Nazi concentration camps featured brothels wherein Jewish women were forced to work as prostitutes for soldiers. This rarely discussed, dark tragedy of history remains starkly relevant today.

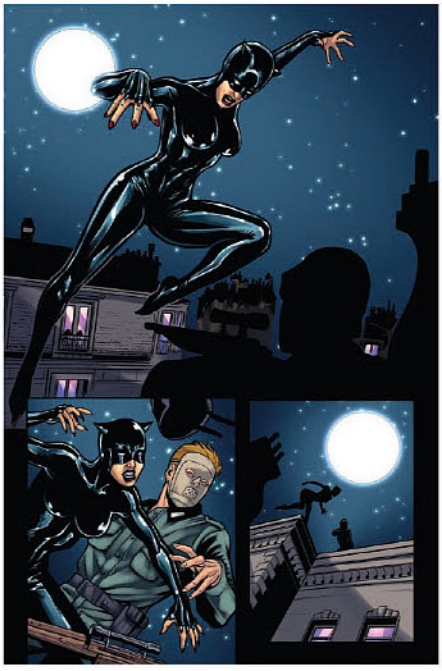

Now, Miss Fury and her team of Black Furies have discovered this cruel phenomenon — and they're going to kick some Nazi ass, in an all-female style mission of revenge.

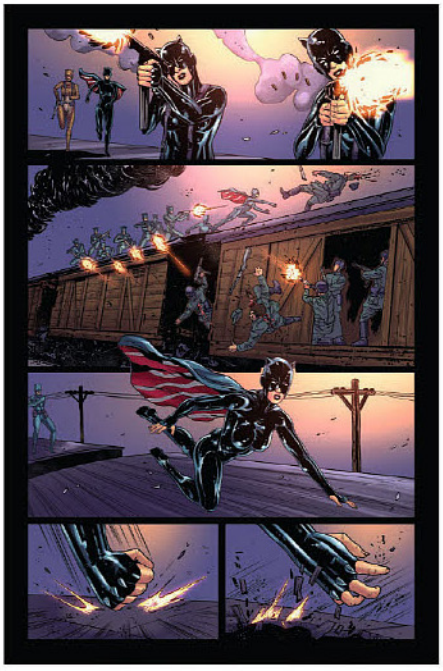

The original graphic novel fits perfectly into a continuity gap in the original storylines of Miss Fury, taking place in the summer of 1944.

Miss Fury — real name Marla Drake — dates back to 1941 and holds the esteemed distinction of being the first female hero created by a woman in the medium. Writer and artist June Tarpé Mills chronicled the tales of the original "Cat Woman" for a full decade in newspaper strips, with the character also licensed at the time for a Marvel comic book. Mills and her heroine were more ahead of their time than even their notable first indicates. Mills dropped her first name when signing the strip to disguise her gender. When Marla was depicted wearing a bikini in a 1947 strip, 37 papers dropped the feature in protest.

"I take it very, very seriously to honor Miss Fury's creator, June Tarpé Mills, and to bring to light one of the most heinous yet forgotten episodes of the Holocaust." — Billy Tucci

PRAISE FOR MARK RUSSELL:

"*Not All Robots.* Read this new comic and read everything Mark Russell does. He is brilliant." — PATTON OSWALT

"Mark Russell has proved himself to be the master of serial comics satire and social commentary of his generation ..." — BROKEN FRONTIER

"No one captures the lyrical disconnect between real personalities in fantasy bodies like Mark Russell" — GAIL SIMONE

"In what is probably the most unexpected achievement in current comics, writer Russell manages to make the Flintstones relevant by being topical and candid." — STARRED REVIEW FROM *PUBLISHERS WEEKLY*

From Eisner award-winner Mark Russell and hot new talent Roberto Meli comes a compelling new sci-fi series...

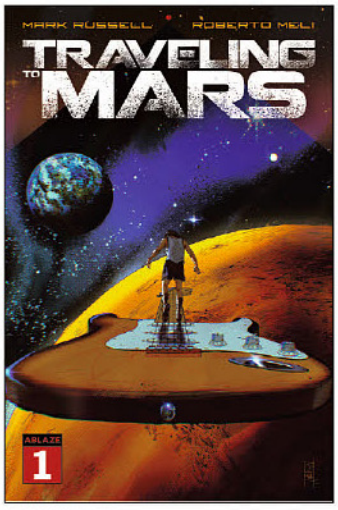

Traveling to Mars tells the story of former pet store manager Roy Livingston, the first human to ever set foot on Mars. Roy was chosen for this unlikely mission for one simple reason: he is terminally ill and therefore has no expectation of returning. Roy is joined on his mission to Mars by Leopold and Albert, two Mars rovers equipped with artificial intelligence, who look upon the dying pet store manager as a sort of god. Against the backdrop of not only his waning days but those of human civilization as well, Roy has ample time to think about where things went wrong for both of them and what it means to be a dying god.

A riveting story of planetary exploration and of finding meaning in your final days.

TRAVELING TO MARS

INTERVIEW WITH **MARK RUSSELL**

What inspired Traveling to Mars?

I wanted to write a story about the futility of thinking other planets will save us from ourselves. The idea for Traveling to Mars first came to me as I was reading all the talks and op-eds and thinkpieces about the urgent need to colonize Mars and spread the seed of humanity to other worlds. And the fact that this world is rapidly becoming uninhabitable they, mysteriously, seemed to think worked as an argument in their favor. But I couldn't help but think that until we first show enough interest in terraforming Earth, in making Earth a planet suitable for longterm habitation, all we can really hope to gain by going to other worlds is kicking the can of our extinction down the road a little bit. As I say in the series, we seem to be a rat racing down what we know is a dead end in the maze, but we don't know where we made the wrong turn or how to get back there... so full speed ahead, I guess.

What influences and research did you draw on to shape the characters and the setting?

I did a lot of research about the logistical problems of settling on Mars, even as a short term proposition. The big obstacle, the logistical hurdle of sending a human being to Mars that would soak up most of your research and resources, would be in keeping them alive once they got there. And God help you if you intend to bring them back from Mars. The scale of the project and the resources it will cost grows exponentially the more you want to see your settlers alive again. Which is why, in this story, the company that wins the race to Mars is the one that finds a terminally ill man willing to die more or less as soon as he gets there. In Roy's case (our protagonist), he's going from one planet that wasn't interested in keeping him alive to one that is even less so.

Why did you want to tell this story?

I wanted to give Roy the chance I think I might like to have someday, which is a long and monastic end-of-life experience. A chance to take stock at the end, knowing that it is the end. The chance to reflect on all the love and regrets you've accumulated over the years, and to put your life and what it meant into some sort of cosmic context. And then in writing where someone else (hopefully) might find it. That's the only real form of immortality I believe in. And it's not even very immortal. But somehow, for me and for Roy, it's enough.

Can you tell us more about the main character, Roy? His two robot companions Leopold and Albert are also very interesting...what's their story?

Roy is a former pet store manager from the town of Eufaula, Alabama. About as unspectacular a man as you'd hope to meet. And yet, he is about to become the most famous man on Earth. People will hang on his every word. And to Leopold and Albert, though he did absolutely nothing to earn this distinction, he is worshiped as their creator. As close a thing to a god as they will ever meet. Leopold and Albert are "super-rovers", Mars rovers equipped with artificial intelligence. Far more impressive, as sentient beings go, than Roy is. And yet, they consider him a god because they think he is privy to the mystery of life in a way they aren't. Then again, maybe that's all a god is. The beneficiary of misplaced awe.

Why do you feel Traveling to Mars will resonate with its audience?

When in doubt, I just write about the things that trouble or obsess me and assume that there's a lot of people interested in the same things. I'm not terribly original. But I think all one has to do is look at the news, read an article or two about heatwaves and wild fires and wonder why we keep racing toward the end of what we know is a dead end in the maze. That's ultimately what this book is about. What keeps us from solving the maze and what meaning there is in our lives as failed mice? Which sounds like a terrible downer, I know. But, at the same time, this book is not devoid of hope. There is meaning to be found and, for the most part, it is found in each other. So I feel that, in the end, it's actually a very hopeful book.

What can readers expect with this series?

I would prefer they read it without any expectations whatsoever. But I know that's a tall order. So I will simply say that this is a book I have been wanting to write for some time. That this is, to me, what science fiction should be. A meditation on life placed in outer space so it doesn't hurt too much to think about it.

TRAVELING TO MARS

INTERVIEW WITH **ROBERTO MELI**

Can you tell us a bit about who you are and where you hail from?

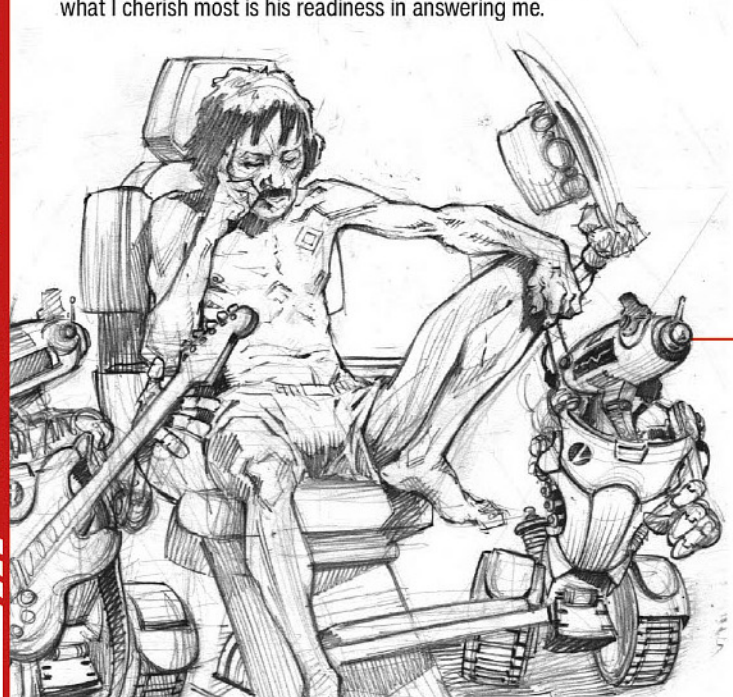

Of course, I can: my name's RoB "Dakar" Meli and I hail (haha) from Italy; "Dakar" is some sort of nickname after my best friend ever, my dog Dakar.

How did you become involved in this project?

For a long time I had always dreamt of entering the American Comic Industry and luck struck me when my agent Davide Caci told me about Mark Russell and Ablaze Comics who seemed to like my samples. We talked a bit about it and I accepted with great enthusiasm to be introduced to Mark: I owe everything to Davide Caci, friend, talented agent, little-big brother.

Were you familiar with Mark's work before this project?

Of course, I knew who he is, I knew his past works, but I felt like buying more to better understand his style, his poetics...we once met in a video call. He has such an appealing personality, he's very professional at the same time very easygoing: he is always ready to give me precious advice, and he gives me complete freedom to express the way I imagine this world. Furthermore, what I cherish most is his readiness in answering me.

How did you go about designing the look of this world and its characters?

I'm obsessed with doing research work; I like, as far as I can, to be ready when I have to draw something and the only way to be ready is by doing research, sketching a lot, etc.; it's hard work, but I like it this way. Mistakes, inconsistencies...they do happen, therefore, I try as far as I can, to lower the percentage of the above-mentioned.

The easiest part, hard to believe, was to find its features of Roy. When I read first the synopsis his face and body crossed my mind all of a sudden and what is really important to me is the fact that Mark liked him too. Roy wears western boots, I simply love western boots, I'd wear'em even at the seaside, haha!

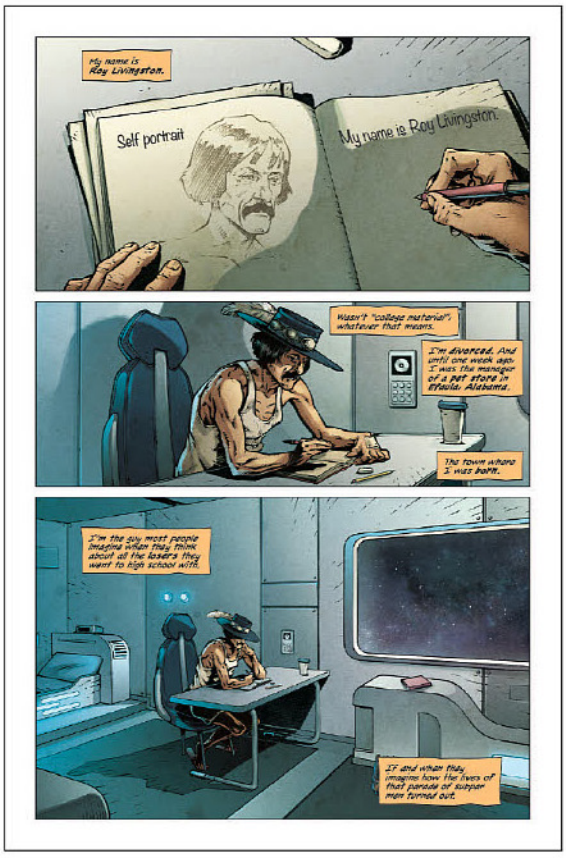

Jokes apart: I'm very demanding with myself, never satisfied 100%: when I give my best I always realize afterward that it isn't enough, well that's me.

I first tried to imagine the spaceship, and the rooms within, but the features of Albert and Leopold according to Mark's ideas were the hardest stuff: tens of sketches to find the right head, hands, and arms...tens of movies to get inspiration from. Yet, Mark sent me very important sketches of the things he wanted me to draw and develop: I'm having a real blast!

Any specific inspiration you are pulling from when drawing this book?

oh, well...when you're fond of comics and of a certain type of story you cannot be full of inspiration: I like so many artists and script-writers, and I am sure I have a lot to pick from every single one. I also am pretty fond of cinema, and many are the movies that somehow find part in my artwork.

She's brought with her a colorful mix of personalities, which come out when she least expects it... Who is Elle, really? And will her new friends stand by her when they find out the truth?

ABLAZE proudly presents Elle(s), a vibrant, imaginative new series. Featuring brilliant, Pixar-esque art from Aveline Stokart, and an engaging story by Kid Toussaint that brings moments of real emotion, mystery, intrigue, and humor together during the epic highs and lows of high school.

CEREBUS IN HELL? PRESENTS: BTVRK ONE-SHOT

(W) Benjamin Hobbs, Dave Sim
(A) Benjamin Hobbs & Various
(CA) David Birdsong, Dave Sim
Not to be confused with Keanu Reeves or the Keanu Reeves comic book with all of its vowels missing which Keanu Reeves wrote and signed a bunch of and had like a zillion Keanu Reeves variant covers all of which sold an absolute Keanu Reeves ton! This one even more closely riffs on Frank Miller (which — correct us if we're wrong — that other vowel-less comic book was doing). We should just pass a law that everyone drawing a comic book has to do their best Frank Miller in doing so! Comics would sell a lot better, Just sayin'. (STL244305)

CEREBUS VOLUME 5: JAKA'S STORY TP (REMASTERED EDITION)

(W/A/CA) Dave Sim
Jaka's Story, the fifth volume of the *Cerebus* series, represents a point of departure for the series, focusing as it does on a small cast of characters, living out their lives in orbital, Thoreau-like "quiet desperation", drawn ever inward, until at last, they inevitably collide. This new edition, painstakingly restored and printed on acid-free paper with a durable sewn binding, reveals astounding detail never before present outside of the original art itself. (STL119239)

WITH GREAT POWER: HOW SPIDER-MAN CONQUERED HOLLYWOOD DURING THE GOLDEN AGE OF COMIC BOOK BLOCKBUSTERS HC

(W) Sean O'Connell

If Hollywood had a superhero throne, Spider-Man would be perched upon it. As the most popular superhero in the world, the web-slinger plays a pivotal role in three of the six highest-grossing film franchises in history: the Marvel Cinematic Universe; the Avengers quadrilogy; and the Spider-Man movies themselves. Spidey has come a long way since Marvel guru Stan Lee first concocted him in 1962, but until now his cinematic journey has not been fully documented. The wall-crawler's history in Hollywood is a saga filled with failed attempts, behind-the-scenes squabbles, franchise reboots, corporate intrigue, and a host of A-list names—including, of course, stars Tobey Maguire, Andrew Garfield, and Tom Holland. *With Great Power* is a lively and memorable account of the character's rise to box-office supremacy, revealing how his movies continue to influence the comic-book adaptations being made today. KNIGHTS OF THE FIFTH DIMENSION VOLUME 1 GN
(W) Casey Van Heel
(A/CA) Walter Flanagan

William "The Wizard" Gardener is a reclusive comic book creator and artist who has been the sole voice of the legendary *Psychedelic Knights of the 5th Dimension* for decades, inspiring creativity in man in order to combat Vanta Black's spread of self-doubt, despair and hopelessness in our world. But William grows old and tired, and his once-revered comic book series is now relegated to flea markets and bargain bins across the world. Years ago, William enlisted the help of up-and-coming writer/artist Kurt "The Great One" Gideon to carry on the Knights legacy, but a disillusioned Kurt turned to fame and drugs, becoming an industry pariah. After years of silence, William needs Kurt's help again... this time to continue William's legacy and join the long line of dreamers and artists who have kept Vanta Black from seeping into our dimension for generations? *Knights of the 5th Dimension* is a love letter to Bronze Age comic books and an homage to the Jack Kirby creations that still adorn comic book shelves, movie screens, and TV sets everywhere. Things get hairy in "The Great Hair Battle," when Medama Oyaji's friend Kemedama begs for Kitaro's help against an attack of giant wigs. The stories in this volume are collected from the late-1960s golden age of *Gegege no Kitaro*, and appear here in English for the first time in a kid-friendly edition, uncut and unedited, with translations by the Mizuki scholar Zack Davisson. LITTLE LULU VOLUME 1: WORKING GIRL HC

(W/A/CA) John Stanley

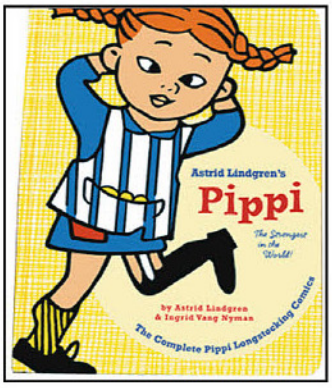

Lulu Moppet is an outspoken and brazen young girl who doesn't follow any rules, whether they've been set by her parents, the neighborhood boys, or society itself. 2019 Lulu engages in suburban hijinks: she goes on picnics, babysits, and attempts to break into the boys' clubhouse again and again. Cartoonist John Stanley's expert timing and constant gags made these stories unbelievably enjoyable, ensuring that Marge's *Little Lulu* was a defining comic of the post-war period. (STL119879)

THE WORST BOOK EVER HC
(W/A/CA) Elise Gravel
Don't take the title as a metaphor: it really *is* the worst book ever. Governor General Literary Award winning children's book author and illustrator Elise Gravel takes readers on an unexpected journey through the world's most boring book. The story's characters and omniscient readers alike quickly become annoyed by the author's bland imagination and rebel against her tired tropes and stale character choices, spouting sass in an attempt to get her attention and steer the narrative in a more interesting direction. With Gravel's signature goofy characters behind the wheel, no silly twist or rude body function is off the table! (STL114399)

Death decides his victim's fate over a game of chess. Kafka is ensnared in a confounding bureaucracy of his own imagination. Spock beams down to 1920s Paris to live as an avant-garde painter. Hitchcockian thrillers, literary adaptations, and homages to classic EC comics abound. Dinosaurs! David Bowie! Vampires! Elvis! Jason mixes and matches genres, mashes up low and high brow culture and leads readers through dizzying twists and turns culminating in a beguiling collection for both stalwart Jason fans and the blissfully uninitiated.

SIR ALFRED #3

by Tim Hensley

$20.00 / Comic Magazine / 40 pgs / FC / 10" × 13"

Behind the bonhomie, his "British touch," and his legendary films adored by the entire planet, Alfred Hitchcock turns out to have been in turn miserable, dangerous, mean, insensitive, obsessed, mad, and often screaming with laughter and/or dread. Master cartoonist Tim Hensley (*Wally Gropius*, *Detention #2*) paints a satiric and oblique portrait in this oversized one-shot (there is no *Sir Alfred #1* or *2*) that somehow informs the reader more about Hitchcock than most conventional history.

NOT FUNNY HA-HA

by Leah Hayes

$16.99 APR151499 / HC / 140 pgs / FC / 7" × 9"

A bold depiction of two different women undergoing abortions showing what happens in a non-judgmental, empathetic manner. It follows them choosing a clinic, reaching out to friends and partners and eventually the procedure itself. Although the subject is heavy, the illustrations are light as the author resists pushing her personal opinions, simply laying out the facts and the emotional repercussions that often occur.

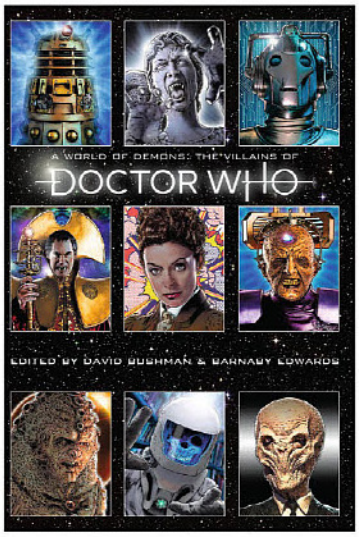

[Starred Review] "[F]or those readers open, curious, or seeking some guidance, it's deeply empathetic, uniquely unflinching, and unlike any book on the topic, particularly with regards to its gentle presentation." —***Booklist***

"Reading this book is like sitting down with your cool older sister and having her assuringly and frankly explain a really tough situation you're facing, and then convince you that you're going to get through it and be okay. Intimate and kind, straightforward and informative, Leah Hayes clarifies and personalizes the clinical experience a woman can expect when she decides to have an abortion. Even more impressive, the author makes the story a compelling read, with charming artwork and humor." —**Ellen Forney (*Marbles*)**

A WORLD OF DEMONS: THE VILLAINS OF DOCTOR WHO SC

(W) Barnaby Edwards, David Bushman

What a world of demons Doctor Who has presented us with over the past seven decades: from Daleks and Cybermen to Weeping Angels and the Silence, the greatest villains of the Who-niverse have achieved an iconic status all their own, cementing themselves in the minds of millions of viewers. Now, for the first time, an entire anthology of essays is dedicated to deconstructing this gallery of blackguards. Who are the greatest *Doctor Who* villains of all time? Why are they so frightening? And—apologies to Shakespeare—what do they tell us about the villainy of our own fears? (STL243437) (C: 1-1-0)

HUNTER NINJA BEAR GN

(W) Chuck Dixon (A/CA) Mel Rubi

The rules are simple: Hunter beats Bear. Ninja beats Hunter. Bear beats Ninja. Seeking to avenge the slaying of his village by a savage horde of monstrous bears, a lone ninja comes to realize that his vengeance can not be wielded by his sword, but only at the end of a legendary hunter's rifle. Some partnerships are forged in steel and can overcome all, but unfortunately most are not. Blindness comes in many forms, and so does its repercussions. Jay Johnson helped create the *Hunter Ninja Bear* title artwork. Jay has created the title designs for all of Quentin Tarantino's films except *Reservoir Dogs*. (STL243397)

ACCIDENTAL CZAR: THE LIFE AND LIES OF VLADIMIR PUTIN GN

(W) Andrew S Weiss
(A/CA) Box Brown

In the West's collective imagination, Vladimir Putin is a devious cartoon villain, constantly plotting and scheming to destroy his enemies around the globe. But how did an undistinguished mid-level KGB officer become one of the most powerful leaders in Russian history? And how much of Putin's tough-guy persona is a calculated performance? In Accidental Czar, Andrew S. Weiss, a former White House Russia expert, and Brian "Box" Brown show how Putin has successfully cast himself as a cunning, larger-than-life political mastermind—and how the rest of the world has played into the Kremlin's hands by treating him as one. EINSTEIN GN

$E = mc^2$. A world-changing equation and a wild head of hair are all most of us know about one of history's greatest minds, despite his being a household name in his lifetime and an icon in ours. But while the broad outlines of what Einstein did are well known, who he was remained hidden from view to most, even his closest friends. This is the story of a scientist who made many mistakes, and even when he wanted to be proven wrong, was often right in the end. It's a story of a humanist who struggled to connect with people. And it's a story of a reluctant revolutionary who paid a high price for living with a single dream. (STL243226) (C: 0-1-0)

COMIC-CON SNAPSHOTS!

While weeks have already passed as you read this, as I write this our team has just returned from Comic-Con International: San Diego, where they debuted *The Overstreet Comic Book Price Guide* #52 and Overstreet Access, our new online version of the *Guide*.

Overstreet's Shawn Sippel (left) demonstrates the newly launched Overstreet Access (OverstreetAccess.com) at Comic-Con International: San Diego.

Ted Van Liew of Superworld Comics (left) and Torpedo Comics' Steven Houston (right) show off the first ever Overstreet Advisors Exclusive edition of *The Overstreet Comic Book Price Guide*. Copies were passed out during Preview Night to the Overstreet Advisors in attendance.

Cosplay was indeed back in play as Comic-Con returned.

A life-size Thanos statue guarded the Iron Studios booth.

Even outside the San Diego Convention Center, Overstreet Access was on display!

Thanos was far from being the only large statue of a familiar character in the convention hall.

Overstreet Advisors Lon Allen and Barry Sandoval of Heritage Auctions got their Guides, too.

BIPOLAR BEAR AND THE TERRIBLE, HORRIBLE, NO GOOD HEALTH INSURANCE GN

(W/A) Kathleen Founds

Theodore is a bear with wild mood swings. When he is up, he carves epic poetry into tree trunks. When he is down, he paints sad faces on rocks and turtle shells. In search of prescription medications that will bring stability to his life, Theodore finds a job with health insurance benefits. He gets the meds, but when he can't pay the psychiatrist's bill, he becomes lost in the Labyrinth of Health Insurance Claims. Entertaining, whimsical, and bitingly satirical, Bipolar Bear is a fable for grownups that manages the delicate balance of addressing society's ills while simultaneously presenting a hopeful vision for the world. The cosmic adventures of a young boy on his path to ridding the galaxy of an insidious technological plague.

After the Greek tragedy of THE METABARONS, Alejandro Jodorowsky comes back to his biblical roots with this quest reminiscent of Moses and set on a galactic scale. To top it off, the characters and the theme of virtual reality are tailor-made for artist Zoran Janjetov (BEFORE THE INCAL), who finds in Jodorowsky his perfect match. Albino, hero of this space odyssey, remembers his childhood, his apprenticeship, and the big and small battles he had to fight to fulfill his ambitions in a universe where technological advances are paradoxically matched only by the cruelty and the barbarism of the forces controlling it.

SCI-FI | FANTASY | SPACE EPIC

An original Sci-Fi adventure of rebellion against a totalitarian and oppressive world, as could only be imagined by master storyteller Alejandro Jodorowsky.

On Megalex, the city-planet, the laws of nature are prohibited. The tyrannical order reigns over a renewed population controlled by genetic manipulation. Due to the repeated attacks of the neighboring forest, primitive and impenetrable, the urbanized system in command allowed an "anomaly," a clone policeman nearly 10 ft tall, to escape. Guided by Adama, one of the rebels fighting for their freedom, the gentle giant manages to join the camp of the "objectors" and help them go up against the evil powers of Megalex.

Your phone reminds you all day long that you were interested in buying those shoes. Your device knows the places where you go, the books you like and your friends' faces. The world's most valuable resource is no longer oil, but data. The more they know about you, the better you can be targeted, and then, monetized. The British businessman Damian Bradfield, co-founder of WeTransfer, and the Spanish comics author David Sánchez build an ironic dystopic world, disturbingly similar to ours, to explore the addictive effects of social media, the stealthy invasion of privacy and the dangers of data misuse. With a wry acidic sense of humor, they blur the boundaries between the online and offline worlds and spin disturbingly recognizable tales about our overconnected society. (STL244070) (C: 0-1-1)

PLUTOCRACY GN

(W/A) Abraham Martinez

2051. The world's largest company, The Company, has seized power on a planetary scale and runs the world as if it were a business. In a plutocracy, the richer one is, the more powerful one is. The elections have been replaced by general shareholders' meetings where the votes are linked to the number of shares owned by citizens. Government is made up of those who own the most shares and it is the laws of the market that govern everything, creating a strange political system. In this context, an anonymous citizen becomes compelled to uncover how the world came to this situation, without paying any attention to the official version. He seeks to discover the true history of The Company and to try to understand what are the various interests that are trying to influence his investigation. (STL166870)

BUNGLETON GREEN AND THE MYSTIC COMMANDOS SC

(W/A) Jay Jackson
In 1942, almost a year after America entered the Second World War, Jay Jackson—a former railroad worker and sign painter, now working as a cartoonist and illustrator for the legendary Black newspaper *The Chicago Defender*—did something unexpected. He took the *Defender*'s stale and long-running gag strip Bungleton Green and remade it into a gripping, anti-racist science fiction adventure comic. He teamed the bumbling Green with a crew of Black teens called the Mystic Commandos, and together, they battled the enemies of America and racial equality in the past, present, and future—Nazis, segregationist senators, Benedict Arnold, fifth columnists, 18th-century American slave traders, evil scientists, and a nation of racist Green Men. Never before collected or republished, Jackson's stories are packed with jaw-dropping twists and breathtaking action, and present a radical vision of a brighter American future. BIG MAN AND THE LITTLE MEN GN

(W/A) Clifford Thompson
April Wells, a celebrated African-American memoirist and essayist, lands a writing assignment unlike any she has had before: covering the presidential campaign of the presumptive Democratic nominee, William Waters, for a high-profile magazine. At first excited about the assignment, April sometimes feels out of her depth and wonders why she was chosen instead of a veteran journalist. When a woman contacts her accusing Waters of sexual assault, April is torn: should she do her job and report this? Or should she sit on it, in case the damage to Waters's reputation would help his Republican challenger, the divisive Lee Newsome, win the presidency? Events soon spiral out of control, and April, feeling that her life may be in danger but mistrusting the police and the FBI, thinks of one person she can count on: the Big Man, a longtime friend from her hometown. Along with his stalwart crew of Little Men, they set out to unravel a gripping mystery that goes all the way to the top. (STL243450) (C: 0-1-1)

NO SURRENDER GN

(W) Constance Maud
(A) Scarlett Rickard, Sophie Rickard

Constance Maud was at the heart of the British campaign for women's votes. Her novel *No Surrender* was published in 1911 at the height of that struggle and used as a persuasive tool by suffragists. Her hero Jenny is a small but fierce Lancashire textile mill worker who puts principle before everything. No Surrender is sometimes funny, sometimes violent, but always exciting and authentic. In this faithful graphic adaptation, creators Scarlett and Sophie Rickard craft a compelling fiction that paints a comprehensive picture of social, political, economic, and cultural life in early 20th-century Britain that is still acutely relevant today. THOMAS GIRTIN: THE FORGOTTEN PAINTER GN

(W/A/CA) Oscar Zarate

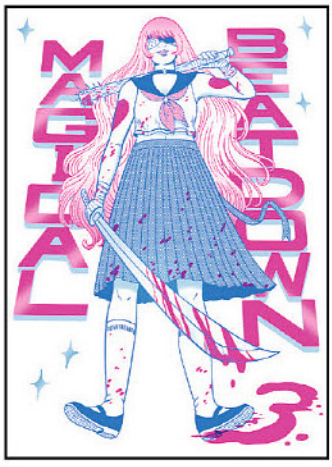

Part historical narrative, part modern fiction, this book consists of two interlinked stories: The first focuses on the 18th-century painter Thomas Girtin and his relationship with his friend and rival J.M.W. Turner; the second tells the tale of three amateur artists in the present day, united by a shared interest in Girtin's art. Using this dual narrative to draw parallels between two eras of rapid technological advancement and sociopolitical turbulence, Oscar Zárate's long-awaited new graphic novel restores to modern eyes this unjustly forgotten figure, whose work has been almost entirely ignored despite his huge influence in British painting. THE FANTASTIC WORLD OF FRANK FRAZETTA HC
(A/CA) Frank Frazetta
Frank Frazetta has reigned as the undisputed lord of fantasy art for 50 years, his fame only growing in the 10 years since his death. With his paintings now breaking auction records, he's long overdue for this ultimate monograph. Born to a Sicilian immigrant family in Brooklyn, 1928, Frazetta was a minor league athlete, petty criminal and serial seducer with movie star looks and phenomenal talent. He claimed to only make art when there was nothing better to do — he preferred playing baseball — yet began his professional career in comics at age 16. Strip work led him to the infamous EC Comics, then to oils for *Tarzan* and *Conan* pulp covers. He used his first-hand knowledge of muscle and macho, gained from living on the streets of Brooklyn, to redefine fantasy heroes as more massive, more menacing, more testosterone-fueled than anything seen before. As counterbalance he created a new breed of women, as nude as censorship allowed, with pixie faces and multiparous bodies: thick thighed, heavy buttocked, breasts cantilevered out to there, yet still, with their soft bellies and hints of cellulite, believably real. Add in the action, the creatures, the twilit worlds of haunting shadow and Frazetta's art is addictive as potato chips. This monograph is the biggest and most complete ever produced on the artist, done in collaboration with the Frazetta family and with top collectors. (STL243421) (C: 0-1-1)

THE FIELD GUIDE TO WITCHES: AN ARTIST'S GRIMOIRE OF 20 WITCHES AND THEIR WORLDS HC

Step into a world of witchcraft both good and evil, where the iconic character of myth and legend is once more brought uniquely to life. From the first alleged witch to be hanged in Salem, and Goya's depictions of witchcraft, to Shakespeare's Macbeth, Hogwarts, and beyond, there is no shortage of inspiration, but also of recycled characterizations and central-casting stereotypes. Now, 30 of the world's most talented fantasy and concept artists discover their own, personal manifestation of the witch. A summary of each witch details their background, behavior, strengths, weaknesses and, of course, powers. The result is the ultimate field guide to designing witches that transcend time, place, and even the most vivid imagination. (STL243308) (C: 1-1-1)

creator spotlight JOHN-PAUL "JPG"

JPG (left) and Steve Schuitt (right) with Ninja Funk ashcan (middle)

FROM RETAILER TO CREATOR

The upcoming debut of *Ninja Funk* marks creator John-Paul "JPG" Paras' transition from retailer to bonafied comic book writer. As the proprietor of "That Spider-Man Booth" and "Street Level Hero LA" in California, JPG found a new level of success as a streamer in the Whatnot community, becoming one of its top comic sellers. But he always had aspirations of making an impact on the creative side of the comic book world. What started as a fantasy became a reality when Whatnot Publishing's Chief Marketing Officer, Jack DeMayo, reached out to discuss JPG's future on the platform.

"I always ask sellers, 'What's the goal? What's the dream?...' For JPG, it was this book that he had been working on behind the scenes for years with one of his best friends [Steve Schuitt]. I got to see some of the pages by the amazing Alex Riegel. So when he told me he wanted to publish it and wasn't exactly sure how, I took that as a challenge. You know, how can *we* make that happen?"

--Jack DeMayo

From there it was off to the races as JPG and his writing partner, Steve Schuitt, developed *Ninja Funk* into something as special as the bond the two creators share, which originated from their time as a musical duo of the same name. Those musical roots that inspired the characters of *Ninja Funk* live on in the pages of the comic book through hidden codes embedded into the artwork that unlock the book's soundtrack. JPG said, "I told Jack this world we were creating was different -- it comes from a combination of life experiences that's unique to me and Steve..."

This November, JPG will get to experience something he's helped make happen for many other creators over the years -- the opportunity to have his dream project sold in comic shops to passionate fans all across the world.

The quest to find the chosen one...
The return of magic...
The battle for the light...
but now...

Aspen Comics' largest and most ambitious release of 2022 continues in this two-part action-packed adventure!

The rulers of the magical kingdom of The Everlands convened over the arrival of Anizan, and the destructive consequences of harboring such a powerful entity. Yet, their debate was too late, as beings from the core of The Earth arrived and destroyed the magical gateway at Macchu Picchu.

Malikai and friends soon appeared to aid in the fight, but they were not enough to win the battle, and were forced through the magical barrier in retreat. Yet, the beings from The Core were not finished with their onslaught—as they unearthed an ancient dragon long dormant—and ready to destroy…

Featuring covers by series artist, Alex Konat and Soulfire creator, Michael Turner, this is THE biggest Soulfire direct market event of 2022!

BATMAN: THE KILLING JOKE—THE JOKER "ONE BAD DAY" ARTFX STATUE

From Kotobukiya. One day, having lost all emotional support, a Red Hood Gang member is being hunted down by Batman. Cornered with nowhere to run, the man jumps into a river in a frantic attempt to escape. However, chemicals in the water from the Ace Chemical Processing Plant bleach his skin white, his hair bright green, and his lips red. Seeing his reflection in the water, the man stumbles to his feet and lets out an endless howling laugh, thus transforming into a madman. Kotobukiya has worked hard on bringing this whole unforgettable sequence from Alan Moore and Brian Bolland's *The Killing Joke* to life. From the worst of his many terrible tragedies, *The Joker* from his one bad day has been vibrantly reimagined into a statue. The coloring was done based on the 20th-anniversary monochrome version of the graphic novel, which featured recoloring by the artist himself. (STL241738) **Item has been previously solicited in *New to Order*.** Scheduled to ship in February 2023. (4898/SV320) (C: 1-1-2) **NOTE:** Same as Deny 233, but with Mexico allowed.

CHEATING MOTH GAME

In *Cheating Moth* you want to get rid of all the cards in your hand before anyone else. Each player starts the round with a hand of eight cards, with one player (the oldest) receiving the guard bug — which stays on the table throughout the game — and one card being turned face-up to start a discard pile. The cards are numbered 1-5, with the majority of them having only numbers; some cards have special abilities that come into play when added to the discard pile or in a player's hand. (STL244122) **Item has been previously solicited in New to Order.** (C: 0-1-2) **NOTE:** Available only within US and territories.

COCKROACH POKER GAME

Eight types of creepy critters are depicted on the *Cockroach Poker* cards, your job isn't to win, simply to make sure that you don't lose! Players take it in turns to pass a card, face down to one of their opponents and say out load what's on the card. They might bluff, or they might be telling the truth... is it a rat? or is it really a stink bug? The recipient can either accept the card, saying if they think the player is telling the truth or bluffing... or they can peek at the card and pass it on... If you're caught bluffing, or you call bluff incorrectly, you keep the card face up in front of you. As soon as one player has four of the same critter cards in front of them, or when a player has no cards left to pass, they lose — and everyone else wins!
