[Rabagoo Race] will be on loads of Best of lists for books this year [...] absolutely guaranteed."

—Awesome Comics Podcast

104 pages of full-color madness coming in August! $20

LIVING the LINE

The Rabagoo Race, the most famous boat race in the world, sees contestants face certain death throughout its frantic stages, all in the impossible hopes of reaching that mythical finish line, and winning everything their hearts desire. Only three ships have survived the 100 brutal stages of boat racing. Having fought mega sea monsters, riptide hell storms, and whip smart competitors, they must now face each other in the final sprint to the finish line. Does the humble sailboat the Boulie Bear have what it takes to beat the Slick Van Vex and the Indestructible Solid Slope?

The Rabagoo Race is the first graphic novel by the mononymous Scottish artist Garresh.

Dynamite Entertainment

REBEL MOON: NEMESIS #1

Titan Comics

A brand new series that recounts the origins of *Nemesis*! Taking place before she became the sword-wielding cyborg assassin, this is the action-packed story (written in the style of a revenge Western) in which an innocent woman finds herself confronted by Imperium soldiers who slaughter her entire family… Writer Gail Simone takes us back to the years before the epic film experience, Rebel Moon, to recount the origins of one of the series' most intriguing characters!

MP-8

CAPTAIN AMERICA #1

Marvel Comics

While Captain America slumbered in the ice, the world changed. He awakens to a reality where battles are fought in the shadows, and villains aren't so easy to identify. When Victor Von Doom conquers Latveria, Steve Rogers faces a critical decision: adapt to a new kind of warfare or forge his *own* path. And what will the choice he makes in the past mean for his future? Writer Chip Zdarsky and artist Valerio Schiti take us back to the early days of Cap's reemergence in this all-new series!

IN THIS ISSUE

138 ***PREVIEWS* THEME: *MOVIES & TV MONTH 2025!***

Television & Movie Month

Each year, we celebrate *Movies & TV Month* in ***PREVIEWS***, usually just as the Summer is getting underway… and it IS the best season for the kinds of movies and television we, as fans, love most! To get us all primed for another Summer of blockbusters and surprise hits, and new episodes of our favorite genre TV series, we've gathered a selection of media-based comics and graphic novels for your reading enjoyment! There are movie adaptations and continuations, and original stories based on some of our movie favorites and TV shows.

So, pop some corn, pour yourself a beverage of your choice, and get ready to go to the Movies… or more appropriately, your sofa, for movie and TV Comics! And for more *Movie & TV Month* approved titles (and Merchandise!), just look for the icon throughout this issue!

LET'S ALL GO TO THE LOBBY!

May is here, and once again we're entering into my favorite time of year: Summer! I love the heat, the summer "vibe", and of course, MOVIES! Thanks to a little movie called JAWS, the first official "Summer Blockbuster", the hottest time of the year has become the hottest time for the hottest movies. And the summer of 2025 is going to be a scorcher with potential blockbusters like Marvel Studios' THUNDERBOLTS* (May 2nd), FINAL DESTINATION: BLOODLINES (May 16th), the live-action LILO & STITCH (May 23rd), MISSION: IMPOSSIBLE—THE FINAL RECKONING (May 23rd), Wes Anderson's THE PHOENICIAN SCHEME (June 6th), FROM THE WORLD OF JOHN WICK: THE BALLERINA (June 6th), the live-action HOW TO TRAIN YOUR DRAGON (June 13th), the long-awaited sequel 28 YEARS LATER (June 20th), Disney/Pixar's ELIO (June 20th), M3GAN 2.0 (June 27th), JURASSIC WORLD: REBIRTH (July 7th), James Gunn's SUPERMAN (July 11th), Marvel Studios' FANTASTIC FOUR: FIRST STEPS (July 27th), and much more going into August and September! It's going to be a gangbusters season at the box office!

And on your home screens, there's just too much good TV to binge these days. I've been enjoying the likes of REACHER, PARADISE, SEVERANCE, THE BONDSMAN, SILO, THE PITT, and so many more shows... and the hits just keep coming. It's because we so enjoy these moving entertainments that we honor them with our MOVIES & TV Month each May in ***PREVIEWS***. There's plenty of crossover between comics and graphic novels based on popular media licenses, as well as merchandise galore. And we've got plenty of Movie and TV-related items offered in this issue. And for a selection of titles chosen by our Print team of brand managers, please do turn to pages 138-139 for some recommendations. And do check out the flipside of this issue for a plethora of Movie & TV based merchandise!

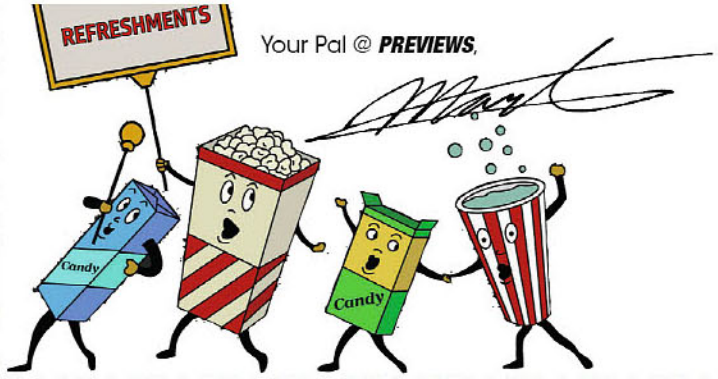

Since this issue goes on sale during the last week of April, if you're reading this before May 3rd, don't forget that FREE COMIC BOOK DAY is literally a week away! If you've been living in a cave and only just recently emerged into the bright light of our world, please direct your attention to this issue's FCBD section beginning on PAGE 31, to check out all of the great books that will be available from participating retailers on the first Saturday in May (the 3rd). You are not going to want to miss this year's event!

Finally, I'd like to take this opportunity to mention that the second issue of my comic book, THE GUNHAND, is finally done and preparing to print any day now! I can't wait for you all to finally be able to check it out, and I hope you enjoy it.

That's it from me. We've had some interesting times... but ***PREVIEWS*** is gonna be back in June with a new selection of the coolest stuff on Earth. I hope to see you all there!

A Luke Skywalker 12-back-A AFA 85 with double-telescoping lightsaber hammered for $84,370. Howard Chaykin's *Star Wars* #1 page 16 original art sold for $80,476, setting a new record for any *Star Wars* comic story page. *Star Wars* #5 page 15, another Chaykin page, went for $42,834. The *Star Wars Holiday Special* Boba Fett and Stormtroopers production animation three-cel setup and painted background went for $39,804.

The W.H. Harrison 1840 log cabin hard cider barrel stoneware bank in cobalt blue sold for $53,971. The Aurora Incredible Hulk model kit box lid original art by Neal Adams reached $32,204. A group of four Mego *Star Trek* Aliens prototype test shots that were used in promotional photography sold for a total of $120,000.

Propstore Entertainment Auction Opens with $6.8M on First Day

Propstore's Entertainment Memorabilia Live Auction started strong with a total of $6.8 million on the first day. Chewbacca's photo-matched Bowcaster (with restored dressing components) was used in the original *Star Wars* trilogy sold for $768,600. A screen matched light-up radio controlled hero ghost trap and pedal from *Ghostbusters* and *Ghostbusters II* went for $327,600.

Conan's Atlantean sword and behind the scenes photos from *Conan the Barbarian* reached $176,400. The Ever-Changing Serpent Squad

The Serpent Squad, created by writer Steve Englehart, debuted in *Captain America* #163 (July 1973). The Squad was founded by Jordan Stryke, aka Viper, his brother, the Eel, and Cobra. Both Viper and Eel had been involved in the Cowled Commander, which ultimately led to their defeat and imprisonment by Captain America and Falcon. They tried to ruin Cap's reputation, but he caught onto their scheme and sent the trio back to prison.

Later on, Madame Hydra assassinated Viper and took on his name. While Cobra challenged her right to lead, she convinced Eel and Princess Python to follow her as a new Serpent Squad. While working alongside the warlord Krang, this Squad attempted to raise the lost continent Lemuria. After being ambushed by Cap, Eel and Princess Python were defeated. Meanwhile, Cobra double-crossed Viper to side with Cap, a decision that resulted in Cobra being shot.

GARRESH
THE LIVING LANE

Please tell us a bit about yourself!

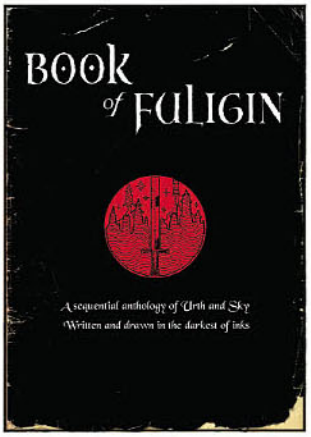

Hello, my name is Garresh. Making comics was never part of the plan, I hadn't read any for the majority of my life. I was, instead, watching cartoons like *Spongebob Squarepants* and always wanted to be an animator… but I'm very, *very* glad comics found me instead!

What are your favorite projects you've contributed to over the past decade?

Disco Lavante was my first big important stepping-stone, followed by a short comic for Strangers Publishing's *Book of Fuligin* and a short for Dave Cranna's *Glasscity*. And finally, a short for *Told to Tell* #7 from Matthew Mackman was the most important in my growth to where I am currently.

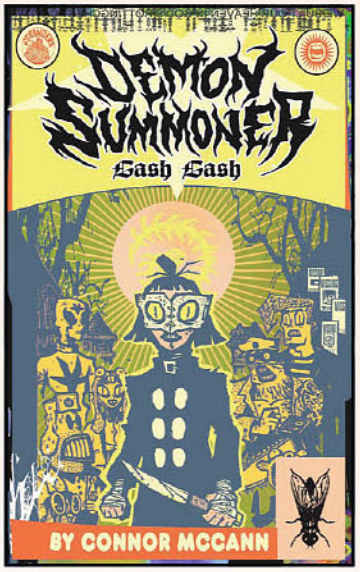

INDIE EDGE

What are you currently working on?

A short for Stranger Publishing's *Hostile Planet* anthology called "Power Waves Screaming Legs", a collection of short comics which will be called *Sea Spittle,* and a pitch for a *Blood Meridian* comic!

What indie titles are you currently reading?

The new comic from Connor McCann, *Demon Summoner: Gash Gash* looks class. I'm always keeping an eye on the latest from Al Gofa, Will Tempest, Joel Van der Knaap, the *Told to Tell Anthologies,* and of course the incredible work from the Living the Line catalog.

USER'S GUIDE

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

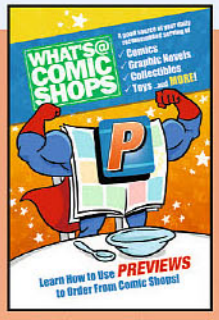

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

RETURN TO THE WORLD OF *TIM BURTON'S THE NIGHTMARE BEFORE CHRISTMAS* IN DYNAMITE'S NEW GRAPHIC NOVEL

Feeling overwhelmed by her new responsibilities as the Queen of Halloween Town, Sally begins to wonder whether she made the right choices in her life in Dynamite Entertainment's new graphic novel sequel to *Tim Burton's The Nightmare Before Christmas*.

As the Pumpkin Queen, ruling Halloween Town alongside her love, Jack Skellington, Sally begins to feel as trapped by her royal duties as she felt as Dr. Finkelstein's experiment. But when she and Zero discover a door to another town — Dream Town — a disaster begins to befall Halloween Teen, and the fate of Halloween rests in Sally's hands alone.

Adapting Shea Ernshaw's best-selling novel, the creative team of Liz Marsham, Alessio Petillo, and Ismael Canales bring this sequel to the film to comics in Dynamite Entertainment's new graphic novel, *Disney Tim Burton's The Nightmare Before Christmas: Long Live the Pumpkin Queen*. Return to the world of Tim Burton's beloved film in this beautiful graphic novel from Dynamite.

CELEBRATE 70 YEARS OF GODZILLA IN ABRAMS' OFFICIAL HISTORY

In 1954, Japanese film audiences were introduced to a new cinematic terror, the monstrous creature known as Godzilla. Abrams Books' *Godzilla: The First 70 Years: The Official Illustrated History* delves into the archives and interviews, exploring the *Godzilla* phenomenon across dozens of films, several different "eras," and the maturation of the franchise with award-winning films like 2016's *Shin Godzilla* and 2023's *Godzilla Minus One*. The definitive work on the subject, no *Godzilla* fan can be without this book.

TITAN COMICS RETURNS TO THE WORLD OF *REBEL MOON* WITH GAIL SIMONE'S *NEMESIS* MINI-SERIES

One of the most intriguing characters in Zack Snyder's *Rebel Moon* films for Netflix was the cyborg samurai swordswoman Nemesis, portrayed by Bae Doona. This summer, Titan Comics answers long-standing questions about her origins in a new mini-series from fan-favorite writer Gail Simone and artist Federico Bertoni in *Rebel Moon: Nemesis*.

Before her cybernetic transformation, Nemesis was a woman with a family and dreams. When the Imperium kills her family, leaving her dreams shattered, she embarks on a mission of brutal revenge that will shake the Imperium to its core.

A tale as old as time, it takes new form this summer in the world of Zack Snyder's *Rebel Moon* in Titan Comics' *Rebel Moon: Nemesis!*

ARCHIE AND THE GANG MAKE UNEXPECTED FRIENDS—AND ENEMIES—IN TWO NEW CROSSOVER EVENTS

2025 will be a wild summer for Archie Andrews and his friends in two new crossovers, one from Archie Comics, the other from Dark Horse Comics!

Archie's new summer job introduces him to a surprising new crowd of co-workers and regular customers in Archie Comics' *Kevin Smith Presents: Archie Meets Jay & Silent Bob One-Shot*. Kevin Smith, the fan-favorite filmmaker of *Clerks*, *Mallrats*, *Dogma*, and more, not to mention a comic book fan and writer, mixes the worlds of his films and Riverdale as Archie Andrews gets a job at the local Quick Stop, working alongside *Clerks*' Randal Graves and dealing with regular customers Jay and Silent Bob on a regular basis. In this Mature Readers special, a first for Archie Comics, Archie and his friends will have a summer they will never forget!

Meanwhile, a trip out of Riverdale for Archie and the gang turns unexpectedly dangerous as a magical mix-up sends them to Redport, the seedy underbelly of Twilight City from Patton Oswalt's *Minor Threats*. To get back home, Archie and his friends may have to fight it out with the worst super-villains Twilight City has to offer in Dark Horse Comics' crossover, *Archie vs. Minor Threats* from writers Oswalt, Jordan Blum, and Timmy Heague, with art from Scott Koblish.

Expect the unexpected in these two Archie crossovers!

TITAN COMICS

BASED ON ZACK SNYDER'S NETFLIX SCI-FI EPIC!

ACCLAIMED CREATOR GAIL SIMONE IS THE WRITER OF *REBEL MOON: NEMESIS* AND TITAN'S DIRECTOR MARKET COORDINATOR CHIEF STRIDE HAD A CHAT WITH HER ABOUT THE SERIES.

GAIL SIMONE - *REBEL MOON: NEMESIS*

CS: Writing a tie-in comic for an existing movie is no easy task. What drew you to this project?

GS: It's kind of odd, it feels a bit like fate. My family and I were watching *REBEL MOON*, and I immediately chose Nemesis as my favorite character by far. Something about her silence was very moving to me, and how she clearly related to the grieving mother in her fantastic opening sequence. I literally told my husband, "I want to know more about HER." And not that long after, I got the call from Zack to do that exact thing. Incredible!

CS: *Rebel Moon: Nemesis* is a prequel to the Netflix film *Rebel Moon - Part One: A Child of Fire*, from director Zack Snyder. How does the narrative of this series tie into the blockbuster?

GS: The remarkable thing about *Rebel Moon* is the depth of the worlds and characters. You could dig for a year and still be finding new aspects. But there's so many intriguing facets that haven't yet been shared. So this story is the tale of why Nemesis is so dangerous, and why she is in the depths of grief. It's full of action and vengeance, and there's a bittersweet quality to Nemesis throughout. Scenes in the film will have new context and layers.

CS: When we first encounter Nemesis in *Rebel Moon - Part One: A Child of Fire*, she appears to be a silent, steel-hearted warrior. Do we get to peek beneath this icy exterior in *Rebel Moon: Nemesis*?

GS: Absolutely, you don't wake up one day and become Nemesis. And we meet the woman she blames for her misery.

CS: Having witnessed her children be slaughtered, revenge is a key motivator for Nemesis but so is honor. How easy is it to balance these two desires when writing a character like this?

GS: I don't find that contradictory at all. You can be the most honorable being in the universe, but it doesn't mean some people don't need a good ass-kicking once in a while. And Nemesis is there to provide that.

CS: How did you balance creating a story for *Rebel Moon: Nemesis* that stood out on its own while also linking to the film?

GS: To me, a lot of the fun in genre storytelling is the extended universe, the stories that grow from the stories. To me, Nemesis is the best character in the movie, but I know some other creators have their own favorites. I am hoping we see those stories, too!

Zack is a terrific collaborator, he wants the best from everyone and is delighted to hear ideas, the wilder the better. It's a joy to be a small part of this universe, so I am grateful both to Zack and to Titan for making this happen and inviting me to the rebellion.

VAMPIRELLA'S MOST PROLIFIC AUTHOR TEASES HER NEXT EPIC ADVENTURE!

Tom, as always, fans are going to be excited to see you writing more *Vampirella*. You've already gone well past 100 issues writing the character, and by our count you're currently the most prolific creator in the character's history. At this point, how naturally does her voice and world come to you?

It's like slipping into a nice warm sweater. HA! Out of all the characters I've written, I seem to find her the most comfortable to write. It probably has to do with how long I've been writing her — over 25 years, off and on. I just *get* her — her, and the world in which she lives. It's always a blast sitting down to come up with her next adventures.

This new series continues on the path you laid out in *Vampirella Strikes!* — and to be clear, I'm talking about the series that launched in 2022, not the ones with the same name that you did in 2013 and 1995 [laughs]. Fans who want to dip into an awesome post-apocalypse-tinged vision of the Daughter of Drakulon are fine to jump right in, but for the benefit of that

crowd (and avoiding major spoilers), how would you catch people up?

This series picks up pretty much where the 2022 *Vampirella Strikes!* ends. We have Vampirella setting herself up as a kind of private investigator in a section of Sepulcher City called the Menagerie. The Menagerie is where many of the supernatural creatures that exist in the world have come to work and settle down. At the beginning of *Vampirella: Armageddon*, we have Vampi and her partner, the werewolf named Dagwood, working a case of missing immigrants to the city. What's happening to busloads of people relocating to the great walled city? Well, Vampirella is about to find out — and it has an awful lot to do with something she's responsible for doing during the run on *Vampirella Strikes!*, as well as a war currently being waged in Hell.

As we're gearing up for this series on our end, there are a lot of hints about a new threat not of this mortal plane. Can you tease readers a bit about how this new foe or opposition is coming up, and what challenges it will pose for Vampi?

We don't have just one foe, we got a whole *bunch 'a* foes! And people who followed my Vampi stuff back in the '90s will get a kick out of some of the characters who are being reintroduced. What's interesting about this series, so far, is that I keep topping myself — just when I think I've got it all figured out, BOOM! There's another situation that develops and whole lotta new problems for Vampirella spring up! Yeah, there's nothing like cool villains, and in this series, there are more than enough. Vampirella's got her work cut out for her.

The incredible Kewber Baal is joining the party to draw this new title. He joins the deep roster of artists with whom you've worked on the franchise, like Louis Small Jr., Ed McGuinness, Amanda Conner, Johnny Desjardins, Igor Lima, Daniel Maine, Jonathan Lau, and so many other greats. How excited are you to see Kewber bring your scripts to the page?

What's been awesome about my years of writing *Vampirella* is the incredible bevy of artists that I've worked with who have helped bring my words to life. What I've tried to do with each of these series is write stories that play to the strengths of the artist that will be drawing the book. For example, when I was approached to write *Vampirella: Armageddon*, I immediately began thinking of the artist that I wanted to work with, and how their style would shape the visuals of my story. I'd worked with Kewber on my *Vengeance of Vampirella* run and absolutely adored his stuff. He was the first person that I thought of when I started to plot where this series would go. His strong visual style helped me to come up with some pretty crazy concepts. The art on this book is going to blow your socks off!

One fun angle for the first issue of this series is that one of the covers features art by superstar Mark Spears showcasing characters from his hit *Mark Spears Monsters* series — and in turn, a cover for issue #6 of his title will feature Vampirella. You've been involved in a couple of memorable crossovers with Vampi before; for the fun of it, are there any dream characters that you would like for her to interact with?

Oh, man, there are tons of characters that I think she'd be perfect to interact with, she's incredibly versatile. The one character that immediately comes to mind is Hellboy. I bet that would be ridiculously fun to write. Batman would be really cool too!

Jack and Sally Skellington seem like the perfect couple — but all is not well in Halloween Town!

After escaping from Dr. Finkelstein and marrying her true love, Jack, Sally has become the realm's official Pumpkin Queen. To save her beloved home, Sally will have to summon all the strength she has within her seams — or else the future could become a nightmare without Halloween!

In the terrible aftermath of Judgement Day, the scattered survivors of Skynet's nuclear holocaust slowly emerged from the wreckage, banding together in a desperate bid for survival. As their numbers grew, they learned how to evade the relentless machines — and eventually, how to fight back against them.

Soon, an organized resistance movement rose out of the ashes, and bit by bit the shattered remnants of humanity began to take back their world. At the center of it all was one man — a familiar face whose past turned out to hold the key to the future!

Master programmers DECLAN SHALVEY and LUKE SPARROW wrap up their second story arc in appropriately apocalyptic style with *The Terminator* #10 — featuring algorithmically optimized covers by SHALVEY, EDWIN GALMON, CAT STAGGS, and DAVID COUSENS!

ABLAZE is shining the spotlight on the wide variety of genres and fantastic works within our catalogue! Our second Spotlight on Horror includes three comic titles – *He Who Fights with Monsters*, *Children of the Black Sun*, and *Life Zero* – bundled together under a specially discounted price.

In ***He Who Fights with Monsters***: The power struggle of WWII is in full force. In Prague, the great Bohemian city is being oppressed by the Nazi occupation and the population lives in terror, while the resistance forces try to organize themselves in the shadows. It is an almost impossible task. With the ruthless SS tightening their grip on every street and neighborhood with overwhelming might, only one hope feeds the struggle. A crazy hope, which rests on the fragile foundations of an ancient, monstrous legend...

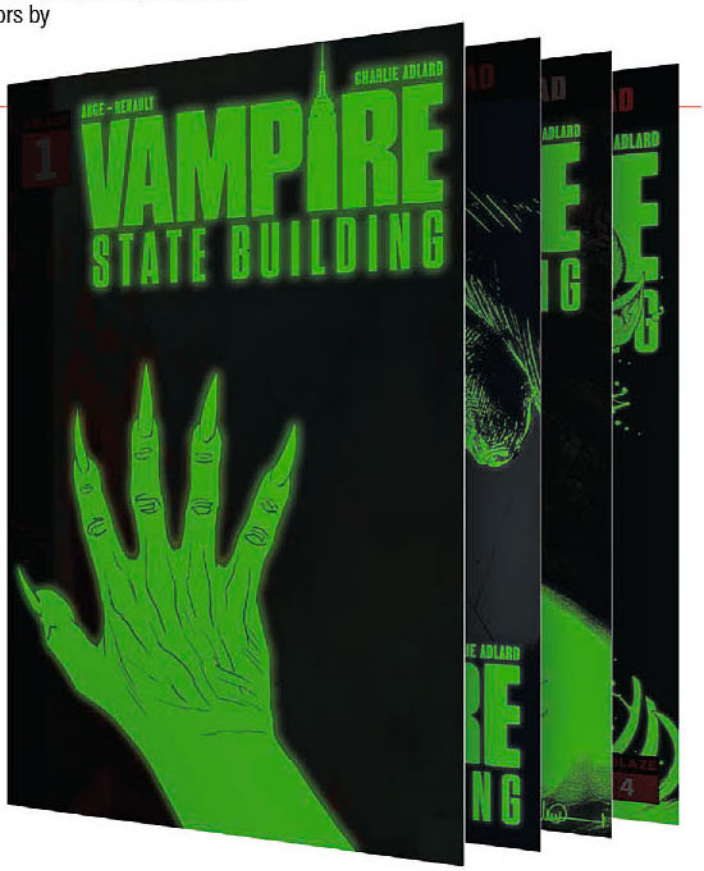

In ***Children of the Black Sun***: Over the years, a black sun has risen twice. A dark dawn whose rays have done terrible things to people's minds, driving them to all sorts of horror. But fear is not the only legacy of those terrible days. All children conceived under the Black Sun's influence carry... peculiarities. In the town of Brightvale, a small group of these children, treated with particular contempt by their community, embark on a hallucinatory journey to discover themselves and their true nature. But is the black sun really about to return?

In ***Life Zero***: Where were you when the cloud arrived? Where were you when the world changed forever? Where were you when people started dying? ABLAZE is proud to present Life Zero by Stefano Vietti (Dragonero) and Marco Checchetto (Daredevil, Avengers, Old Man Hawkeye, Wolverine), with colors by Andres Mossa (Wolverine, Avengers, Secret Wars 2099).

(A) Zach Howard, Nelson Daniel

Read all three graphic novels based on *New York Times* best-selling author Joe Hill's short story "The Cape," collecting *The Cape*, *The Cape: 1969*, and *The Cape: Fallen*. Every little boy dreams about putting on a cape and soaring up, up, and away... but what if one day that dream were to come true? Eric was like every other eight-year-old boy, until a tragic accident changed his life forever. *The Cape* explores the dark side of power, as the adult Eric—a confused and broken man—takes to the skies... and sets out to exact a terrible vengeance on everyone who ever disappointed him. *The Cape: 1969* goes back in time to the Vietnam War when Eric's father, Captain Chase, a medevac helicopter pilot for the U.S. Army, is shot down over enemy territory. He and his crew are in a fight for their lives as they play a deadly game of cat and mouse with the Vietcong... but they soon learn that machine guns and grenades aren't the only terrors hiding in the jungle. In *The Cape: Fallen*, uncover new folds in Hill's cautionary anti-superhero tale with a story that takes place between the scenes of the original series. (STL373093)

Yangchen's inexperience may prove to be her greatest asset... Plagued by the voices of Avatars before her for as long as she can remember, Yangchen has not yet earned the respect felt for Avatar Szeto, her predecessor. When Yangchen travels to Bin-Er in the Earth Kingdom on political business, a chance encounter with an informant named Kavik leads to a wary partnership. Bin-Er is a city ruled by corrupt shang merchants who have become resentful of the mercurial Earth King and his whims. To extract themselves from his influence, the shangs have one solution in mind: a mysterious weapon of mass destruction that would place power squarely in their hands. The Umbrella Academy has always been extraordinary—ready to leap to superpowered action at a moment's notice. But the only thing Luther, Diego, Allison, Klaus, Ben, and Viktor want is to be normal... which is much easier said than done, when you're raised by someone like Hargreeves. Klaus suggests that they all need a change of scenery—just one night of partying like a bunch of average teens. In fact, Klaus knows just the place; there's a frat house in a neighboring college town that throws weekend blowouts. What could go wrong? They soon realize sneaking out of Hargreeves's house—er, fortress—is the least of their concerns. When the six teens pledge not to use their powers under any circumstances, they fail to factor in the sheer force of teen drama. Faced with weird earthquakes, weirder partygoers, and a possible new foe, the Umbrella Academy must choose between the night they always dreamed of and an unexpected mission that may save the world! BLOODY MARY: A GRAPHIC BIOGRAPHY HC

(W/A) Kristina Gehrmann
The story of Mary Tudor—oldest child and daughter of Henry VIII and Catherine of Aragon, sister to the famous Elizabeth I—as never told before. A chronological telling of Mary's life as "told" by her spans her magnificent life, starting from her "first memory" at the age of two to becoming the first queen to inherit the throne of an England in disarray. Once rejected at birth, Mary was certain the cause of suffering was her subjects' rejection of the one true faith: Catholicism. Her zealous campaign to re-Catholicize England was unrelenting in its brutality, re-christening her, "Mary, the Bloody." The Tudors famously used fine art to define their reign. Using expressive line work and lush watercolor, German graphic novelist fittingly teases the painterly allure of royalty as she reveals the stark loneliness of the crown. Gehrmann pulls from real quotes from historical documents and letters along with dramatizations of known historic events. These details immerse us in Mary I's epic life from her volatile childhood to her tragic demise, rendering a stunning portrait of a "bastard queen" losing her grip on power. (STL370946) (C: 0-1-1)

After Kevin experiences a surprise case of lice, Miles shaves his head in solidarity and accidentally winds up becoming the cool kid at school—a disorienting change from their usual family dynamic. When Thanksgiving arrives, Miles and his dad decide to take over the kitchen. What could possibly go wrong? The World is Lava is a poignant exploration of friendship, loyalty, and the sometimes bumpy road of growing up. With its blend of sharp humor, relatable characters, and colorful comic artwork, this graphic novel captures the thrills and perils of the world as experienced by two preteen boys. MASKS GN

(W) Margaret Rae, Brian Nathanson (A) Beck Kubrick

Poe was only a little monster when the hunters came for her parents. If it weren't for one of the hunters taking pity on her, she knows she'd have met the same fate, too.

Ten years later, Poe lives with her two "siblings"—more monster kids in hiding—Rice and Shelley. Under her protective eye, Poe makes sure that the siblings have everything they need, but Rice and Shelley want more out of life than running away. So when their most recent home is slated to be demolished by a real estate group, the monster kids venture out to find their place, and end up getting whisked away to a Halloween party that changes their lives. MORPHENOMENAL: HOW THE POWER RANGERS CONQUERED THE WORLD SC

(W) Joshua Moore

When it first appeared on American television sets in 1993, *Mighty Morphin Power Rangers* was like nothing else on TV. The brainchild of Israeli music producer Haim Saban, the show stitched together segments from the Japanese children's program *Super Sentai* with newly recorded live footage, and its unexpected popularity quickly anchored Fox's daytime programming block and further cemented the network as a innovative pop-culture powerhouse. Three decades later, *Power Rangers* is a pop-culture icon and a billion-dollar franchise. The show regularly premiered episodes on U.S. networks through December 2021, after which streaming juggernaut Netflix brought new airings under the "exclusive" umbrella on its platform. Netflix and Hasbro, current rights-holder of the brand, also announced in late 2021 the development of a *Power Rangers* TV and film "universe" spearheaded by Jonathan Entwistle. In *Morphenomenal*, journalist and lifelong *Power Rangers* fan Joshua Moore delivers readers a deeply researched narrative history of Power Rangers, from its inception to the present day, and offers comprehensive retellings and analysis of milestone moments for the brand and show, as well as insights into its still-thriving toy line and an adult fandom that yearns for its favorite spandex-wearing superheroes to share a bigger piece of the spotlight with the likes of Batman and Wonder Woman. SNOOCHIE BOOCHIES, ARCHIE FANS!! Yes, you read that right—acclaimed writer, director, actor, producer, and podcaster Kevin Smith takes the teens you know and love from Riverdale on the wildest ride of their lives. What's supposed to be a summer job at Quick Stop for Archie Andrews turns into so much more; from a budding friendship with co-worker Randal Graves, crashing a Pussycats concert, a potential new love interest, Jay and Silent Bob being, well, Jay and Silent Bob, and a musical number that will be burned into your brain forever. Plus, could Jay and Silent Bob even help Archie to finally choose between Betty and Veronica? SNOOGANS!! Featuring legendary Archie artists Fernando Ruiz and inker Rich Koslowski, this is a DOUBLE-SIZED, CAN'T-MISS event FOR MATURE AUDIENCES unlike anything we've ever done before!

CREATOR FEATURE: KEVIN SMITH

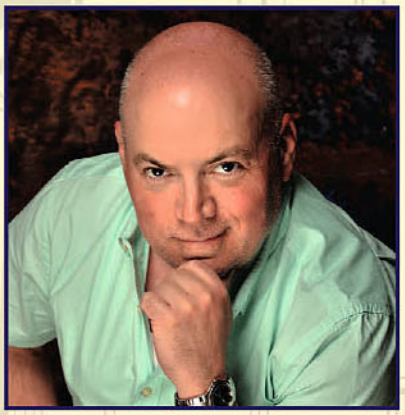

KS: I believe it was Stoic philosopher Epictetus who first said "Everything's Archie." And he was right. Whether it be Veronica in *Clerks* or the Mister Weatherbee conversation in *Chasing Amy*, the influence of Archie Andrews is mixed into the brick and mortar of my pop cultural foundation. So there was no way I was passing up this incredible opportunity to collide the worlds of Riverdale and the Askewniverse, and introduce icons on the order of Archie, Betty, Veronica, Jughead, Moose, Reggie, Josie to reprobates like Jay and Silent Bob. I couldn't be happier that the first crossover Secret Stash Press has ever done is with Jesse and the good folks at ARCHIE COMICS. Everything's Archie, and Archie is everything.

CREATOR BIO

Kevin Smith is a screenwriter, actor, film producer, and director, as well as a *New York Times* bestselling author, comic book writer, comedian/raconteur, and Internet radio personality best recognized by viewers as Silent Bob. He has directed movies such as *Clerks, Mallrats, Dogma,* and *Chasing Amy* and written four previous books and numerous comic books. He currently hosts the comedy podcast SModcast, the Hulu show *Spoilers,* and the AMC show *Comic Book Men.*

CREATOR FEATURE: FERNANDO RUIZ

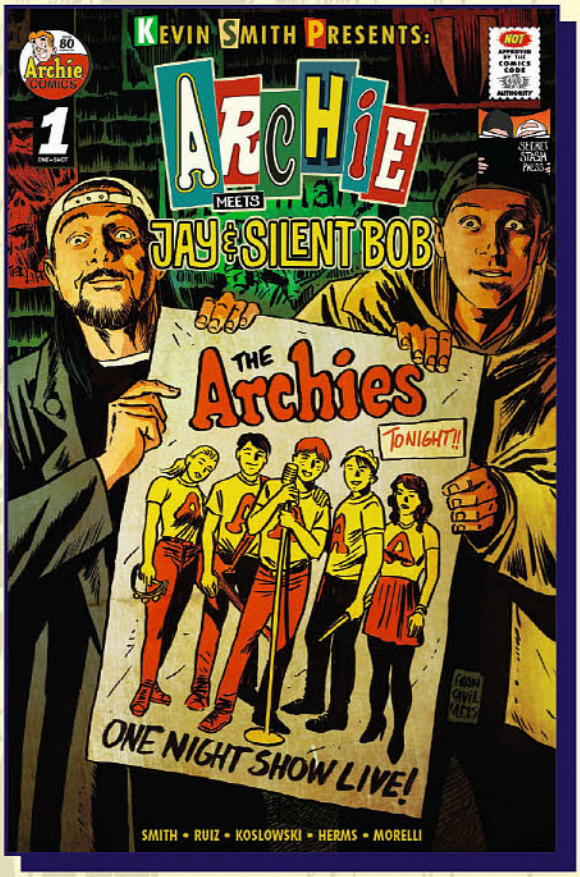

FR: Never in a million years did I ever expect to see *Archie Meets Jay & Silent Bob* much less get to draw it. As a lifelong New Jersey native and longtime fan of Kevin Smith, *Clerks* and the rest of the Askewniverse, I'm thrilled to be drawing it. I try to put my love and excitement for these characters and this project onto every page and I hope it shows!

CREATOR BIO

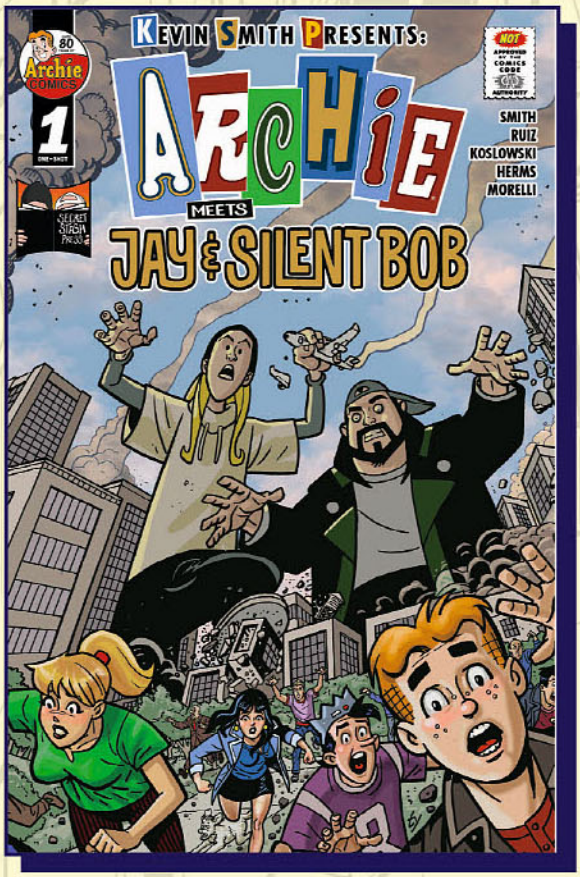

A graduate and now Academic Supervisor of the legendary Kubert School, Fernando Ruiz has been working as a professional cartoonist and illustrator for over twenty-two years. Much of his comic book work has been for Archie Comics where he was the regular artist on such notable series as *Archie's Weird Mysteries, The Man From R.I.V.E.R.D.A.L.E.,* the Eisner-nominated *Life With Archie Magazine* and the Ghastly Award winning *Archie Vs Predator.* Fernando has also worked with other companies such as Dark Horse Comics, Image, Chapterhouse Comics, Dynamite, and Pixie Trix Comix. Fernando's self-publishing efforts include *The Iron Ghost,* and acclaimed graphic novel, *DIE KITTY DIE.* Watch his instructional art videos on Youtube at Fernando Ruiz Art and follow him on Instagram at Fernandoruizeverybody. From the time when the station wakes her up, Birdie Doran is on the clock. It's just her and one or two others on Terracorp's isolated outpost, processing comets. So she slips into virtual reality, with the station creating adventures for her as she does repairs, routine maintenance, and checks the status on all the systems. But when Birdie discovers another abandoned station just within walking distance of her own, she begins to question her isolation, and her own memories of what her job-and her life—really is. And at every turn, she starts finding the things the station has been hiding from her. (STL370606) (C: 0-1-1)

HE ROLLED ME UP LIKE A GRILLED SQUID HC

FI

(W/A/CA) Yoshiharu Tsuge

A manga icon's most perplexing, transgressive, and astounding work of horror and surrealism. By the mid-1970s, Tsuge Yoshiharu was a man changed by circumstance—something his work from 1975 to 1981 boldly reveals. The confusion and mental illness simmering beneath the surface of his more surreal works come to a rolling boil, reaching an unsettling and horrific crescendo in a series of nightmarish delusions. *He Rolled Me Up Like A Grilled Squid* captures a mid-career author taking stock of his anxieties and suspicions while connecting the dots between his seemingly monotonous present and his complicated past. Translated by Ryan Holmberg. (STL372234)

GOLIATH GN
(W/A/CA) Tom Gauld
Now in paperback with a new cover, *Goliath* is a retelling of the classic myth, this time from Goliath's point of view. Since its original 2011 release, Tom Gauld has solidified himself as one of the most critically-acclaimed cartoonists working today, from his strips in the *Guardian* and *New Scientist*, to his lauded graphic novels *You're All Just Jealous of My Jetpack* and *Mooncop*. Simultaneously tragic and bleakly funny, *Goliath* displays a sensitive wit and a bold line—a traditional narrative reworked, remade, and revolutionized into a classic tale of Gauld's very own. MOONCOP HC
(W/A/CA) Tom Gauld
The lunar colony is slowly winding down, like a small town circumvented by a new super highway. As our hero, the Mooncop, makes his daily rounds, his beat grows ever smaller, the population dwindles. Depicted in the distinctive, matter-of-fact style of Tom Gauld's beloved *Guardian* strips, *Mooncop* is equal parts funny and melancholy. Gauld captures essential truths about humanity, making this a story of the past, present, and future, all in one. (STL015978)

O/A NEJISHIKI HC
(W/A) Yoshiharu Tsuge
Nejishiki unveils the most iconic scenes from Yoshiharu Tsuge's highly respected body of work alongside his most beloved stories. Tsuge's stories abruptly cross the threshold of conventional storytelling. Unassuming protagonists venture further into eerie symbolism against a shadowy, perceptibly dreamlike landscape easily mistaken for the real world. The angst that pervades postwar Japanese society threatens to devour his characters and their pastoral sensibilities as each protagonist's wanderlust turns surreal. (STL277799)

Oba Electroplating Factory is a startlingly bleak but nonetheless captivating portrait of mid-century Japan in its most unglamorous iteration. Glimpses of the artist reflecting upon his life, his work, and his contemporaries pepper the narrative landscape: Tsuge's stories are studies in staging nature, working to evoke stillness and movement in such a way that renders his chosen setting a character all on its own. In *True Colors: Growing Up Weird in the 90s*, Elise invites readers into the pages of her diary and takes them back to a radically different time before smartphones and home computers. Creative and curious kids, anybody dealing with anything from not fitting in, to anxiety—or even an ADHD diagnosis—will see themselves in the pages. (STL372242) (C: 0-1-2)

HATE REVISITED!

By Peter Bagge

$19.99 / SC / 124 pgs / B&W / 7.3" × 10.5"

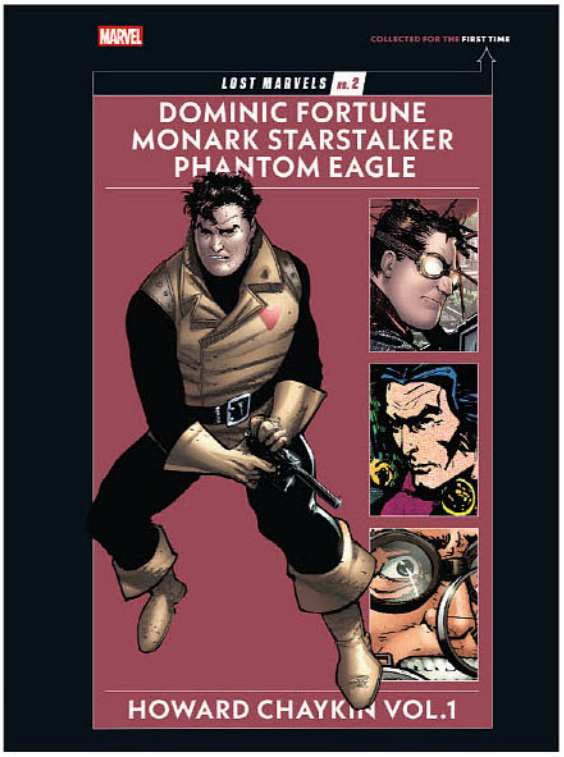

Legendary cartoonist Peter Bagge triumphantly returns to the series that defined a generation with this all-new *Hate* graphic novel.

Buddy Bradley and Lisa Leavenworth, now middle aged with a free-spirited young adult of their own, confront their own poor decisions as young people in the grungy 1990s. Expertly shifting between the present day (in full color) and their Gen X heyday (in glorious, crosshatched black-and-white), we learn for the first time the story of how Buddy met Lisa, Stinky, George, and Val. Meanwhile, Buddy is forced to come to terms with the tragic — and covered-up — circumstances of Stinky's untimely death in the original *Hate* series, while navigating elder care, contemporary politics, family and friendships.

Hate Revisited! expertly showcases Bagge's inimitable humor and knack for character, and the generational shift lends an unexpected gravitas to their lives. While the original *Hate* is indelibly rooted in a key pop cultural era, the themes and characters of *Hate* remain timeless. Misanthropy never gets old!

LOST MARVELS NO. 2: HOWARD CHAYKIN VOL. 1: DOMINIC FORTUNE, MONARK STARSTALKER, AND PHANTOM EAGLE

By Howard Chaykin

$39.99 / HC / 256 pgs / FC / 8.5" × 11.4"

Collected as part of our new Lost Marvels series, collaboratively produced with Marvel Comics, this new Howard Chaykin-centered volume of smartly imaginative scripts and beautifully designed art features Dominic Fortune, Monark Starstalker, and Phantom Eagle!

When Howard Chaykin broke into comics in the 1970s, there was nothing quite like him. His original characters Dominic Fortune and Monark Starstalker took classic pulp heroes and ran them through a postmodern blender. This new volume contains retro-science-fiction bounty hunter Monark Starstalker's debut appearance and all Chaykin's color-comic-book Dominic Fortune stories, including the character's unexpurgated Max series, published a generation later. Completing the package is the collision between pulp heroism and the devastating, bloody realities of World War I in Chaykin's 111-page collaboration with *The Boys* writer Garth Ennis on *War Is Hell: The First Flight of the Phantom Eagle*. The collection is introduced by author and comics scholar Brannon Costello. This second title in Fantagraphics' Lost Marvels series collects some of the most exciting, sought-after work by Howard Chaykin from 1975 to 2008.

BRAIN DAMAGE

By Kago

$29.99 / HC / 200 pgs / B&W / 7.1" × 10.2"

From the brilliant and twisted mind of manga artist Shintaro Kago, a new collection of short stories rife with skin-crawling suspense, visceral body horror, and pitch dark-humor.

In 2018, manga artist Shintaro Kago made his English debut with *Dementia 21*, a collection of absurdist manga short stories. Readers found themselves delighted and disgusted by his penchant for body horror, black comedy and the surreal paired with his emphatic, kinetic art style. Kago returns at the height of his powers with *Brain Damage*, where he dials up the gore and absurdity to new heights.

Brain Damage collects four new short manga stories, a tantalizing blend of the hilarious and the macabre. In "Labyrinth Quartet," four identical young women trapped in an eerie building must solve the mystery of why they've been gathered there — while being hunted by a knife-wielding stalker. In "Curse Room," a plucky health aide is tasked with keeping zombies peaceful, lest they go on a brain-eating rampage. In "Family Portrait," people throughout town are strangely disappearing without a trace, and the key to it all is a senile and perverted old man. Finally, in "Blood Harvest" a series of gruesomely mangled bodies are found in pristine cars — and it appears something sinister lurks within these masses of glass and steel.

- *Waiting for the Great Pumpkin* — Linus and his wait for the Great Pumpkin have been a pop culture touchstone for over 50 years thanks to the animated television special, and it all started in the classic Peanuts strips (1959-1962) collected in this fun-sized book.
- *Snoopy's Thanksgiving* — This collection of Snoopy and Thanksgiving themed strips is perfect for anyone whose idea of the holiday is more Charlie Brown than Norman Rockwell.
- *Charlie Brown's Christmas Stocking* — This adorable little book collects two of his best "extras" from the 1960s: two Christmas-themed stories written and drawn for national magazines. Created in 1963 (two years before the *Charlie Brown Christmas* TV special) as a supplement for *Good Housekeeping* magazine, "Charlie Brown's Christmas Stocking" comprises 15 original captioned vignettes featuring the entire Peanuts cast of the time each with a joke or reflection about the season. "The Christmas Story" is an original tale created for *Woman's Day* in 1968, this one focusing just on Snoopy and the Van Pelt siblings, with Lucy and Linus each explaining the meaning of the holiday to Snoopy.

Our *Peanuts All Year-Round Mini Collection* features over 300 pages of comic adventures in five easy to read square format mini volumes inside a beautiful little slipcase. A perfect celebration for *Peanuts* fans of all ages!

At last, Fantagraphics presents Carl Barks's very first Donald Duck stories! This is where it all started, as Carl Barks took control of Donald Duck's comic book adventures and began a series of clever, creative, complex, and comedic stories that would continue under his cartooning brilliance for more than 20 years — and guarantee his place in comics history.

Volume 1 in *The Complete Carl Barks Disney Library* is, naturally, filled with firsts: Barks's first comic book story (starring Pluto), the first Donald Duck story created for an American comic book (and also the first to see Donald and his nephews go on a treasure hunt), Barks's first Donald 10-pager, Barks's first truly solo Donald Duck story, and Barks's first solo longer-form Donald Duck adventure ("The Mummy's Ring"). With more than 200 pages of story and art, each meticulously restored and newly colored, and insightful story notes by an international panel of Barks experts, this long-awaited collection of stories makes clear what generations of Disney fans have always known: Carl Barks's work as The Good Duck Artist is some of the greatest American cartooning in the history of the medium.

SOCIETY IS NIX GLEEFUL ANARCHY AT THE DAWN OF THE AMERICAN COMIC STRIP 1895-1915 REVISED EDITION

Edited by Peter Maresca

$100.00 / HC / 168 pgs / FC / 13" × 19"

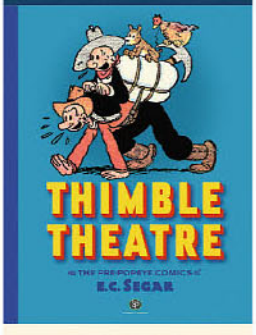

A revised and expanded edition of the Eisner-nominated book on the earliest American comics, with over 200 classic strips, by over 75 cartoonists: the "Founders of the Funnies."

"Mit Dose Kids, SOCIETY IS NIX!" So said The Inspector about the Katzenjammer Kids. But he could have been speaking of all comic strips in their formative years in the early 1900s. From the very first color Sunday supplement, comics were a driving force in newspaper sales, offering a wild parody of the world and the culture found in the surrounding pages. Society didn't stand a chance!

These are the origins of the American comic strip, born at a time when there were no set styles or formats, when creators had the freedom to experiment, when artistic anarchy helped spawn a new medium. The genesis of comics is laid out in a dozen essays by the greatest in their field — historians like Thierry Smolderen, Brian Walker, Alfredo Castelli, Bill Kartalopoulos, Paul C. Tumey and others. And in the second, revised edition of this seminal collection: over 200 comic strips! The earliest comics by acknowledged greats like R. F. Outcault, George McManus, Winsor McCay, and George Herriman, along with creations of more than fifty other superb cartoonists, known and unknown.

The classic strips, most not printed in over 100 years, are presented in their original colors at the incredible oversized format Sunday Press is known for: all the better to see the comics that would inspire the next century of comics to come!

INTO THE BEWILDERNESS GN

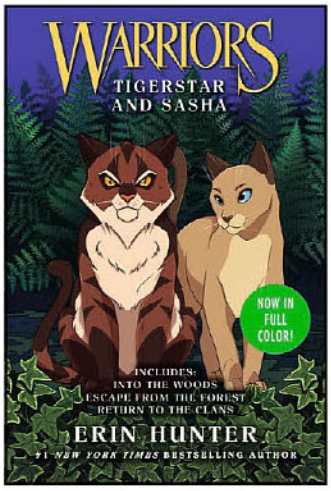

(W/A) Gus Gordon

Perfect for fans of *The Wild Robot*, Gus Gordon's graphic novel debut follows two furry friends on a clever and cozy adventure when they embark on a journey to the Big City for the first time. In the Bewilderness, life is good. Best friends Luis (the large furry one) and Pablo (the small furry one) spend their days wandering through nature, playing songs on the guitar, and eating Slow Joe McNally's pinecone porridge with their neighbors. When dreamer Luis receives an unexpected invitation to attend a performance of *The Weary Mermaid* in the big, bustling city, he finds it hard to ignore the allure of the bright lights. Luckily, he doesn't have to go it alone—and it's a good thing, because it's a long journey through the Bewilderness, and Luis has many questions. Will they meet laser-eyed gargoyles, zombie chickens, or tyrannical cow rulers? Will they get there on time? Why is quicksand so slow if it's called quicksand? Thankfully, with his grumpy but loyal best friend by his side, they'll soon find out. Or will they? (STL371682) (C: 0-1-2)

MARVEL: DAREDEVIL: ENEMY OF MY ENEMY HC

(W) Alex Segura

When reports come in that the Kingpin and a police officer have been killed and that Frank Castle (aka the Punisher) has turned himself in for it, Matt Murdock senses holes in the narratives the media and the streets are quick to run with. Both criminals have been Matt's nemeses when he dons the cowl of the Daredevil, and there's no denying that New York is better off without its Kingpin and with the Punisher behind bars. And yet... while the Punisher is a murderous vigilante, he doesn't kill cops. And he doesn't turn himself in. Castle certainly deserves prison for all of the other crimes he has committed in the past. However, Matt's indominable sense of justice insists that nobody should be locked away for crimes they didn't actually commit. Representing the vigilante in court, Matt enters a contest of wills and guile with Castle to try and uncover the game beneath the game. And when Matt's girlfriend takes the stand and complicates matters, there's truly no rest for the wicked or the just. As the Kingpin's absence causes passion and ambitions to run hot in Hell's Kitchen, Matt must decide if justice means the letter of the law, what's best for the citizen on the streets, or where his heart leading him. O/A HER FRANKENSTEIN GN

(W/A/CA) Norikazu Kawashima

Dare to read the psycho-horror classic that horror manga master Junji Ito called a "frightening but moving story about an unfortunate individual who, lost in search of his true self, finds his own annihilation instead." Little Tetsuo is a wimpy mess. His parents don't love him. He meets the beautiful Kimiko, an ailing teenage girl obsessed with movies and mayhem in equal amounts. She doesn't love Tetsuo either, or anyone other than herself. But she needs him. So Tetsuo becomes the man she wants—the monster she wants. He becomes Her Frankenstein! (STL304120) (C: 0-1-2)

O/A MANSECT GN

(W/A/CA) Koga Shinichi

Humans grow and age. They change. But always we are the same person, the same creature. Not so with insects, whose powers of metamorphosis alter not only their shape and size, but also their very beings. And now, because of one young man's unhealthy obsession with bugs, humans also find themselves transformed into disgusting, decrepit, bloodsucking insect monsters! Published in 1975, Koga Shinichi's *Mansect* is a shonen horror classic by one of the undisputed masters of the genre. Swarming with mesmerizingly gnarly imagery and freakish bio-evolutionary speculation, Koga here demonstrates why his name is uttered with the same quivering reverence as horror manga legends Mizuki Shigeru, Umezz Kazuo, and Ito Junji. O/A ALFRED HITCHCOCK: MASTER OF SUSPENSE HC

(W) Noel Simsolo (A) Dominique He

Television & Movie Month

In 1960, the film *Psycho* traumatized viewers around the world. Never before had the angst or the suspense been so well presented in cinema. But where does the talent of this Alfred Hitchcock come from, the one now nicknamed the "Master of Suspense"? To find out, we must first go back to his youth, in England, during the first half of the 20th century. Having grown up in a Catholic family—a religious originality that will be felt in a large part of his cinema—"Hitch" is an atypical Englishman who, very early on, has a taste for telling stories. The temptation to work for the cinema will not be long in coming, first as a graphic designer at Islington Studios in London where his visual talent will lead him to make his debut behind the camera, as an assistant and then as a full director. It is also here that he will meet Alma Reville, his assistant and wife who will accompany him throughout his storied career, including the jump to the big time in Hollywood. Discover the life of undoubtedly one of the greatest filmmakers of all time. (STL217511)

O/A AUDREY HEPBURN GN

(W) Michele Botton
(A) Dorilys Giacchetto

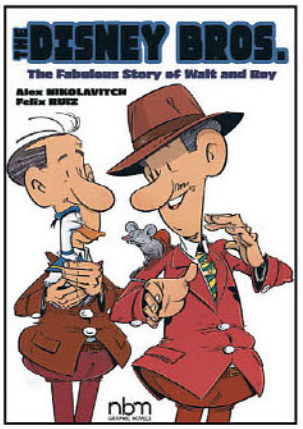

Television & Movie Month

When Audrey Hepburn is mentioned, one thinks of her being beautiful and elegant, of her films, or of how her image is used to recall something immortal and fashionable.

But Audrey was also a little girl who saw the Second World War with her own eyes, a woman who was at times fragile at work and in her private life, with a strong desire for motherhood and, above all, a boundless love for children that would lead her to find her true vocation, far from dancing or acting: she will in fact become a UNICEF ambassador to raise awareness in the world and help minors in difficulty. O/A THE DISNEY BROS.: THE FABULOUS STORY OF WALT AND ROY GN

(W) Alex Nikolavitch (A) Felix Ruix

Television & Movie Month

After the bankruptcy of his first two companies, the young Walt Disney decides to call on his older brother Roy to start a new business: the Disney Brothers Cartoon Studios. The combination of their op-posing talents, one artistic, the other managerial, will give birth to an entertainment giant despite the difficult nature of Walt. Little by little, Walt will push his brother into the shadows and sink into chronic depression and excessive consumption of alcohol... but all this will not prevent him from producing the greatest masterpieces of animation. The authors have chosen a cartoon style, worthy of Mickey Mouse comics, to tell a very serious story of creation, money and politics, and of family. (STL169185)

HC, 7x10, 112pgs, FC $19.99

O/A ERASED: AN ACTOR OF COLOR'S JOURNEY HC GN

(W) Loo Hui Phang (A) Hugues Micol

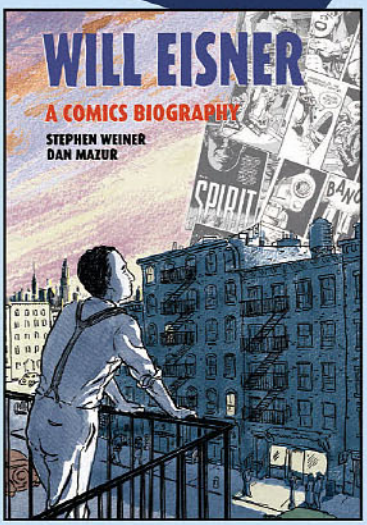

Television & Movie Month

Maximus Ohanzee Wild-horse, renamed "Maximus Wyld" by Hollywood, was a talented, prized, admired comedian. Of mixed race black, Chinese, and Amer-indian descent, he was "the actor with a thousand faces," essentially interpreting ethnic roles: Indian chief, Mexican revolutionary, oriental dandy. His filmography is an anthology of cinema: *Vertigo*, *The Maltese Falcon*, *Sunset Boulevard*, *The Prisoner of the Desert*, *Rebecca*. However, no credits mention his name. On celluloid there is no imprint of his face. Maximus the precursor rests in the graveyard of Hollywood amnesia. What event pushed him into limbo? What occult and superior force has stored his career in a cinematic Bermuda Triangle? A veritable reinterpretation of the myth of American cinema through the prism of minorities, *Erased* reveals the political and social dimension of Hollywood productions. (STL320629)

AFTER 15 YEARS AND A MILLION BULLETS . . . THE SIXTH GUN IS REBORN!

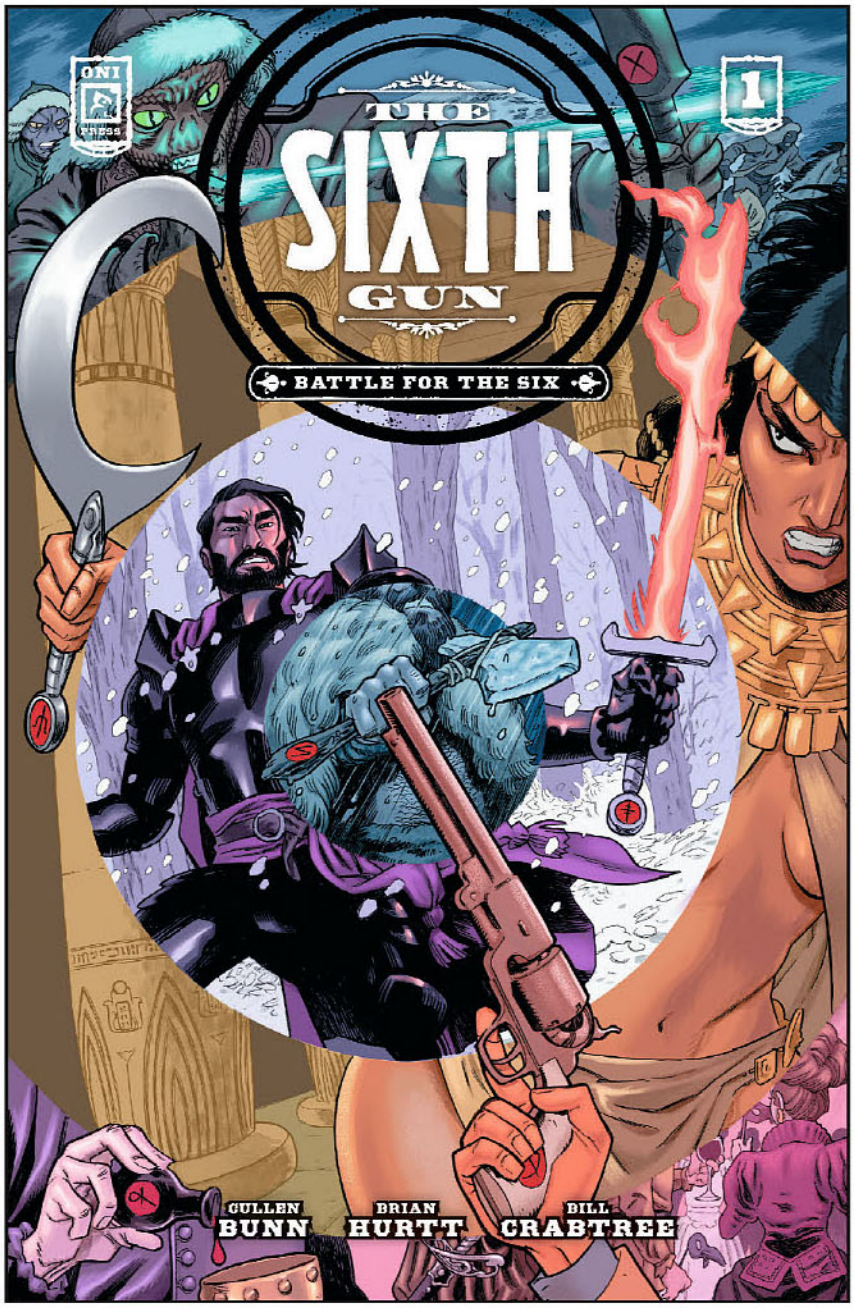

In 1866, out of the ruins of the failed Confederate uprising, a race to claim six objects of unfathomable occult power began, thrusting the fate of humanity into the hands of an ordinary young woman and a hard-nosed gunslinger who, together, were our last, best hope to forestall Armageddon.

They prevailed, but at a terrible price.

But that was then. This is now. Three decades later, as the gears of a new millennium begin to grind on the cusp of the 20th century, THE SIXTH GUN is about to be REBORN once more—as it has been countless times across the eons. This time, however, a brigade of familiar fighters lies in wait to meet THE SIXTH GUN's nigh-limitless power head on . . . alongside a secret cabal that wish to harness its unspeakable power to incept a new century of war, genocide, and suffering.

Only one can survive to claim victory. THE BATTLE FOR THE SIX starts now!

WRITER KRIS BERTIN ARTIST/COVER ALEXANDER FORBES

Return to Hobtown, the charming rural village in Nova Scotia at the heart of surreal and haunting mysteries, and home to the after-school Teen Detective Club dedicated to solving them. The third must-read volume of the page-turning series that *The New York Times* calls "forceful and haunting" starts here for the first time ever in a fully colored edition from creators Kris Bertin and Alexander Forbes!

The lines between conspiracy and reality tangle during election season in Hobtown as a new-old member of the Teen Detective Club surfaces to challenge Dana's leadership and redirect the group's attention back to the discounted but pressing concern that "ALIENS!" are among us. On a grander scale, amid the town's hotly contested mayoral race, the arrival of a flying saucer and a chaotic "Ape Lord" being pursued by the local Knitting Circle have the teen sleuths of Hobtown unsure if they're coming or going, as literal backward thinking tears at the threads of their friendships and their grasp on their latest case . . .

Lamont's father was not a good man. And now Lamont's father is dead.

When Lamont arrives in the tiny Appalachian town of Heaven, West Virginia, its lush landscape feels stubbornly at odds with the roiling anxiety that's come to define his inner life. Living there and learning the art of foraging and tea-making from his kind, stoic aunt LaToya should be idyllic—even a paradise. But in the shadows of Heaven's woods, Lamont sees a dark, hulking figure, long, glimmering teeth, and piercing red eyes. No one else seems to see this beast . . . not his aunt, and not the handsome cowboy, Coyote, whose gentle voice evokes the comforting, electric aroma of LaToya's brews. Escaping its voraciously hungry pursuit feels impossible, and Lamont will have to face more than the darkness of the woods to do so.

A singular and seductive meditation on the complexity of grief, healing, and the power of the natural world by cartoonist Ravi Teixeira (*A Quick & Easy Guide to Coming Out*).

From two of the hottest creators in the American manga scene—writer Josh Tierney (*World Piece*, *Iris Complex*) and artist JeyOdin (*Rick and Morty: The Manga Vol. 1: Get in the Robot, Morty!*; *Hammer*)—comes a story of teen love, school pride, and extracurricular international warfare in *Rick and Morty: The Manga Vol 2: After-School Science Club*!

Morty falls in love at first sight with the new exchange student from Japan—Chigusa—and when she shows him her favorite manga about after-school clubs, he knows just the advisor for his hastily constructed new Science Club: Rick Sanchez. With his ragtag group of teen losers (plus Chigusa) and a cursory knowledge of Japanese school clubs he picked up from skimming Morty's manga, Rick leads the club in a competition against the preexisting, sanctioned, totally normal Science Club, creating a portal to Akihabara, nexus of anime and manga culture, and famous home of Tokyo's maid cafés. Brimming with inspiration from their trip (and chased out of the country by the maids who have turned on Rick) the Science Club prepares for their school festival with a maid café of their own making—a science maid café selling questionable concoctions . . .

SIMPLICITY HC

(W) Mattie Lubchansky

In 1977, a group called The Spiritual Association of Peers decamps to the woods of the Catskills, taking over an abandoned summer camp. They name their new home Simplicity. In 2081, scholar Lucius Pasternak, a fastidiously organized trans man, tries to keep his head down living in the New York City Administrative and Security Territory, which was founded after the formal dissolution of the United States in 2041. Then, he's offered a job by the mayor, billionaire real estate developer Dennis Van Wervel, to complete an anthropological survey of the people of Simplicity for a history museum he's financing. A wary Lucius is nevertheless drawn in by the people of the small wooded community, intrigued by its strange rituals and in particular by the charming acolyte Amity Crown-Shy. Born and raised on the compound, Amity is comfortable in their own skin, a striking contrast to Lucius' repressed reserve. But Lucius' control starts to slip when he begins to suffer visions both terrifying and sensual—visits from beautiful but nightmarish creatures. In 1970, Lieutenant Tim Wilson is haunted by the memories of war—not just the bloodshed of the battlefield, but the horrors witnessed at the hand of Captain Constanta, who rescued him after a gruesome encounter with the King-Bats of Maximilian Von Klorr, the Black Max himself! Years later, Lt. Wilson sets out on a journey to hunt down Constanta in his native Romania, and uncovers his origins among beasts and creatures of magic. Collecting the work of Ian Edginton and Tiernen Trevallion, the second omnibus of *Fiends of the Eastern Front* follows Constanta's bloody trail across history, and brings monstrous terror from the skies of wartime France to the streets of 1960s London. THESE FISTS BREAK BRICKS: HOW KUNG FU MOVIES REVISED SWEPT AMERICA REVISED & EXPANDED EDITION HC

(W) Chris Poggiali, Grady Hendrix

Television & Movie Month

When a Hollywood studio released *Five Fingers of Death* to thrill-seeking Times Square moviegoers in 1973, only a handful of Black and Asian audience members knew the difference between an Iron Fist and an Eagle's Claw. That changed overnight as *Five Fingers* kicked off a kung fu craze that would earn millions at the box office, send TV ratings soaring, influence the birth of hip hop, reshape the style of action we see in movies today, and introduce America to some of the biggest Asian stars to ever hit motion picture screens. *These Fists Break Bricks* offers a lavishly illustrated exploration of how these high-kicking, brick-breaking movies came to America and raised hell until greed, infomercials, and racist fearmongering shut them down. For the first time, the full—and wild—story is told, including how CIA agents secretly funded karate movies and how *The New York Times* fabricated a fear campaign about Black "karate gangs," as well as the history of Black martial arts in America and the onslaught of Bruce Lee imitators after his death. DIAMOND SELECT TOYS' NEW DEADPOOL STATUE INFLICTS DEATH BY CUTENESS

Even in the adorably cute kid-styled artwork of Skottie Young, the Merc with a Mouth, Deadpool, remains deadly. But it's not his guns or his katanas that will do the deed, no. It's his unrelenting cuteness! Based on a Marvel Comics variant cover drawn by Young, Deadpool is armed with an unexpected, yet very familiar to kids aged 6 to 106, weapon—finger guns—for Diamond Select Toys' *Marvel: Animated-Style Deadpool (Finger Guns) Resin Statue*. His fingers pointed, his eyes scrunched, falling backwards as he "shoots," you can almost hear Deadpool going, "Pew! Pew!" Sculpted by Casen Barnard, Deadpool stands 3 1/4" tall on his base. Limited to 3,000 pieces, add Diamond Select Toys' *Marvel: Animated-Style Deadpool (Finger Guns) Resin Statue* to your collection before Deadpool comes and points his finger guns at you!

PEANUTS by Schulz

HAVE A GAME NIGHT WITH THE *PEANUTS* GANG

M-51
M-53

In 2025 Charles Schulz's iconic comic strip *Peanuts* celebrates its 75th-anniversary, having debuted in seven newspapers on October 2, 1950. The strip's characters—Charlie Brown, Snoopy, Linus, Lucy, and so many more—are genuine pop culture icons, and they feature on new *Peanuts* gaming products from USAopoly and NMR Distribution.

The classic board game *Clue* gets a *Peanuts*-themed makeover with USAopoly's *Clue: Peanuts Edition*. When Linus' blue security blanket goes missing, it's up to you and your friends to find *Who* took it, *What* they did with it, and *Where* they hid it, all using the classic *Clue* game mechanics!

For card game fans, NMR Distribution offers two new playing card decks featuring literature's most famous beagle, Snoopy. The *Snoopy: Beagle Scouts Playing Cards* feature images of Snoopy, Woodstock, and their bird friends hiking and camping, while the *Peanuts: Joe Cool Playing Card* features images of Snoopy's famous alter ego, Joe Cool.

Have a fun night with your friends with these Peanuts games!

SPOTLIGHT ON

ARTPLA SCULPTURE WORKS: EVANGELION MASS PRODUCTION MACHINE FIGURE

From Kaiyodo. The beautiful but eerie mass-produced Evangelion seen in *Neon Genesis Evangelion: The End of Evangelion* is now a member of the *Artpla Sculpture Works* model-kit lineup from Kaiyodo! It has a slender yet muscular body, a slimy head, and immense wings (47cm wide!) that are molded in one piece! The simple parts configuration means it's fast and easy to assemble, and it's molded in pearl-gray material, so it'll look like a sculpture if you choose to display it without painting it. It would, of course, look spectacular with paint! The original resin this item is based on was created in 1997; all parts were 3D scanned and converted into digital data to create this kit. The shape of the wing parts has also been fine-tuned from the original prototype. The rubble that forms its base has been increased in size to more sturdily support the top-heavy shape, with further details added. Designed for the fifth edition rules, these short encounters are exactly 2 pages long and feature a map, an illustration, and typically 3 to 5 encounter areas, perfect for a single session. Although designed to complement the *Terror From the UnderDeep* saga, these Delves can be used in any GM's campaign that features subterranean environments. The UnderDeep is a dangerous site, so these Delves skew toward higher-level play (8th or higher level), but several are suitable for lower-level action at the game table. (STL365221) (C: 0-1-2)

THE ANARCHY BOARD GAME

At the end of 1135, Henry I, king of England died unexpectedly leaving no male heir to reign in his stead. Henry's daughter, the Empress Matilda, believed she should rule by succession. However, the late king's favorite nephew, Stephen de Blois, was quicker to the throne, and with the help of his brother, the Bishop of Winchester, was crowned king. Those loyal to the empress were enraged by Stephen's coronation and would not accept him as their new ruler. Over the next 18 years, England saw a breakdown in law and order as civil war spread throughout the country. This conflict came to be known as The Anarchy... In *The Anarchy*, players take on the role of English nobles loyal to King Stephen. Over five rounds, players must build their domain, defend their castle from attacks by the approaching Anjevin armies, and storm strongholds loyal to Matilda with their own crafted siege weapons. The player who can accumulate the most Bravery, Loyalty, Influence and Might, whilst avoiding Discontent, will prove to King Stephen they are his most loyal ally, granting them his largest earldom.
